North Cove property presents to you this 4 bedroom eco-friendly villa situated to Famagusta, Yeni Bogaziçi/Iskele.

This location is away from high-rise buildings and its environment with all the shades of green. The project is sustainable with its renewable energy resources used in common areas, environmentally friendly materials, and green space exceeding 50% of the total area.

It differs from its counterparts with its maximalist functions, diverse social areas, youth center, and commercial areas such as pharmacy, market, and patisserie. While it offers safe playgrounds for children, walking paths, and bike paths, it stands out as an animal-friendly project with separate sections and
