

*Clients value creating their office with IWG because they can achieve a finely tailored use of their chosen space in a style that suits them.*

# Design Your Office

With IWG, you can design your workspace to create an environment that satisfies your business' personality and its demands. Choose from a range of carefully selected ergonomic high quality furniture and create a unique identity by adding colours and graphics to your walls.

Configure collaboration spaces for teams and individual focus areas, even add additional rooms, all available with a variety of solutions.

**We now have an exciting new offer in London, call us to find out more or to arrange a visit at our new show room.**

## What are the options?

- Efficient and effective designs
- Ergonomic, high quality furniture
- Configurability and flexibility for different work styles
- A wide range of furniture available at no additional cost
- Options for collaboration and focus spaces
- Options for additional functional rooms
- Choices for alternative postures

## How does it work?

1. Tell us what you need to have a great day at work
2. Decide whether you want to work in a team, executive or spacious executive environment
3. Select your desk type and accessories
4. Pick your office enhancements
5. Begin your great day at work!
