DESIGN YOUR OFFICE

Design Your Office

With IWG, your clients can design their workspace to create their own branded spaces, with a unique look and feel, all to suit their company culture.

Choose: *Work style – Collaboration type – Hosting – Storage – Privacy – Wellbeing and ergonomics*

The options

- Efficient and effective designs
- Ergonomic, high quality furniture
- Configurability and flexibility for different work styles
- A wide range of furniture available at no additional cost
- Options for collaboration and focus spaces
- Options for additional functional rooms
- Choices for alternative postures

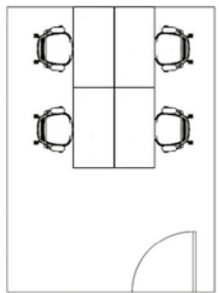

How does it work?

1. Tell us what your clients need to have a great day at work
2. Do your clients want to work in a team, executive or spacious executive environment?
3. Select desk type and accessories
4. Pick office enhancements
5. Begin a great day at work!

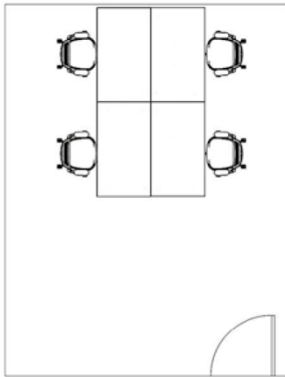

Design ideas and space styles

Design Your Office to efficiently maximise the space and work style – below are three potential layouts based on an office for four people.

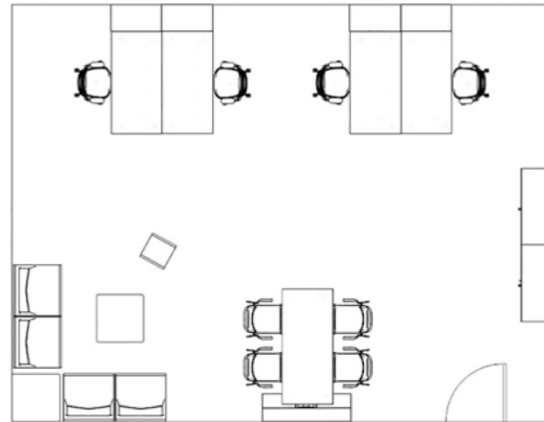

Team room

Executive

Spacious executive

Accessorise your space

Add comfort and efficiency with furniture and furnishings

Style your meeting areas

Media meeting

Add an extra desk and share content on screen

Stand and meet

Choose to sit or stand with this standing height setting

Informal meetings

Socialise and meet away from the desk, with chairs easily added or removed

Formal meetings

Fit up to 6 comfortably with easy access to power and connectivity

Furniture options

Add the right furniture to enhance a workspace and tailor it to your clients specific needs.

- Desks
- Meeting tables
- Storage
- Seating
- Sofas

- Chairs
- Pouffes and Buoys
- Coffee tables
- Side tables

- Screens
- Panels
- Desktop power
- Monitor arms
