LOCATION

Situated within one mile of Willenhall, St Anne's Industrial estate is positioned approximately 4.5 miles from Wolverhampton City Centre with Junction 10 of the M6 motorway approximately two miles to the south east via the Black Country Route A454. It offers excellent connectivity to the Midlands motorway network and the locality. The property is located within a well-known industrial location and boasts a variety of occupiers as well as offering versatility in unit size. Willenhall's heritage was forged in lock and key manufacturing which feature prominently on the town's Coat of Arms. This history is honoured at the museum, known as the Locksmith's House. In more recent times the town has become the headquarters for Poundland. At the 2011 census the town's population was estimated at 28,480.

DESCRIPTION

The whole estate contains 15 commercial units of varying sizes, ranging from 1,100 up to 3,500 sq. ft., as well as providing an external yard extending to approximately 0.43 acres (0.173 hectares). The units are of mixed construction but in the most part are steel portal framed with either asbestos sheet or profile roof panelling. All units are accessed via roller shutter doors and benefit from all mains utilities and independent W/C facilities. The site has a prominent access from St. Anne's Road and features a good ratio of on-site parking. Unit 15 provides approximately 1759 sq ft (163.42 sq m) of accommodation.

TENURE

The property is held freehold and sold subject to the existing lease.

TENANCY

The property is let to Dovydas Baslaminovas and To.DoLTD on a new 10 year full tenant repairing lease from 11/07/2022 with rent reviews at each third year of the term, to the greater of RPI or market rent. The lease is subject to a tenant only break clause at the fifth year of the term subject to 12 months prior written notice.

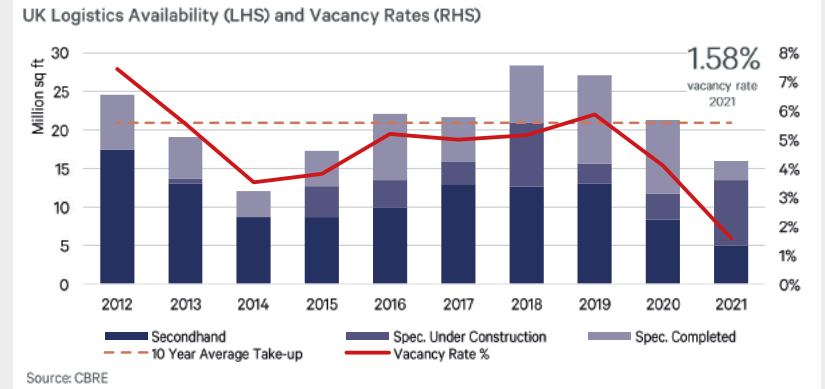

INVESTMENT MARKET COMMENTARY

The investment market for UK industrial units shows no sign of pausing for breath into 2022. Q4 2021 delivered a record volume of over £4bn and Q1 is looking to deliver another bumper quarter of transactions. Availability of stock, currently at 1.58% (CBRE) is likely to provide the main limiting factor in transaction volume which is forecast to drive further yield compression in this market sector.

Rental growth is also set to continue the upward trend, especially as supply levels have failed to keep pace with insatiable occupier demand. Significant increases in land values over the last 5 years have placed pressure on new and speculative development schemes coming forward. This is providing opportunities for smaller investors to access this growing market. In fact, the Office for National Statistic has recently produced research identifying that the transport, logistics and storage sector grew at over 88% between 2011 and 2021.

On a macroeconomic level, Bank of England forecast inflation to top 10% this quarter, eroding hard earned savings but offering excellent opportunities to commercial investors looking for inflation and RPI linked property deals.
