THE PROPERTY

Castle Farmhouse is a handsome home set in about 2.5 acres, once used as the priest's house for Hazlewood Castle. The house was built, we believe, in the mid 19 Century by the Vavasour family who lived at Hazlewood for over 900 years. The Castle is Grade 1 listed and is currently a hotel and spa. The house has been lived in by the current family for 36 years and offers an incoming purchaser the opportunity to create their perfect house. The property requires general updating throughout.

The accommodation is extensive, providing a fine drawing room, sitting room and dining room. The drawing room is an impressive room with a bar and a garden room at one end. The kitchen is at the heart of the house and provides space for dining and has a utility room and office area adjacent. There is a separate study off the stair hall for those who work from home.

The pretty turning staircase has a feature window letting in light and overlooking the garden, and leads to the master bedroom with a dressing room and en suite bathroom, two further bedrooms and the family bathroom. There are two additional guest bedrooms and a bathroom which have separate access from a spiral staircase in the drawing room; they are also linked by a door in bedroom three.

OUTSIDE

The house sits in about 2.5 acres of gardens and grounds with open views to the front over the surrounding farmland. To the rear of the property is a large walled garden, once the kitchen garden to The Castle. There is a tennis court and a derelict cottage that could be converted to a number of future uses subject to any necessary consents.

The owners run an equestrian business from the property and will be removing the horse walker in front of the house. The adjacent yard is being retained by the current owners and a new fence will be erected forming a boundary on completion. This is marked on the plan. Access to the house will be to the side of the house where there is parking for several cars. There may be an opportunity to create a new front driveway to the house through the existing wall, subject to obtaining any necessary consents.

LAND

There is a 10 acre field to the north of the property that could be available by separate negotiation.

RIGHTS OF WAY

There is a right of way along the north side of the garden wall to The Castle

SERVICES

The property benefits from mains water and electricity. The house has oil fired central heating. The drainage is private, and an incoming purchaser will need to satisfy themselves that the system is compliant.
