Asking price £124,990

Simply Stunning! Zero Stamp Duty! Minimum 8% Net annual rental return!

These bespoke made lodges are made to order and come with a wealth of additions as standard. Situated close to this popular seaside resort, these lodges are both luxurious and affordable. All come fully furnished, with a hot tub as standard, and offer an excellent and stress free rental income all year round.

Domestic and international tourism figures are increasing year on year, with the average spend per person also rising. With this comes an unmet demand for better-quality experiences from both the destinations people choose to book and the accommodation they select to stay in.
