Plot Of Land Threepwood Road
Beith, KA15 2JJ

Guide price £125,000

Plot Of Land Threepwood Road Beith, KA15 2JJ

Nestled within the charming town of Beith, this wonderful leafy plot offers a unique opportunity to create your dream luxury home in the midst of nature. With outline planning permission already in place for a luxury detached Eco-house, envision building your own ideal abode surrounded by the tranquil beauty of the woods & Ayrshire countryside.

The picturesque countryside setting provides a serene escape from the hustle and bustle of city life, offering a peaceful retreat where you can unwind and reconnect with nature.

Despite its idyllic seclusion, this property is conveniently located for those who need to commute, with easy access to Glasgow in around 30 mins by car, ensuring that you can enjoy the best of both worlds - the tranquillity of rural living and the amenities of the city within reach.

Glasgow International Airport is 18 miles / 20 minutes away by car & the pretty Ayrshire coastline is only 12 miles away.

Don't miss out on the chance to turn this blank canvas into your own slice of paradise.

Embrace the opportunity to create a bespoke luxury home in this enchanting woodland setting.

BEITH WOODLAND HOUSE

DESIGN AND ACCESS STATEMENT

Aerial view of the site

EXISTING SITE AND VIEWS

The site bounded by tall mature trees to the two adjacent roads and the north boundary, with the centre of the site cleared for horse grazing.

The trees provide natural screening along the length of both boundaries, with very little of the site visible through limited glimpse gaps between the trees. The intention is to maintain this and the established green edges.

The northern belt of trees forms part of the Grange Hill Local Nature Conservation Site, the existing tree belt has been consistent on historic maps dating back to the 1800s. As such no development is proposed in this area, which remains unaffected by the proposals.

Access would be taken off Threepwood Road, the minor of the two bounding roads.

The design looks to respond to the unique geometry, layout and setting of the site, with a contemporary take on the surrounding individual villa and in line with the Single Houses in Rural Areas design guidance. The proposed house is developed to respond to the site and its context, and offer an 'object in the landscape' woodland home.

INITIAL CONCEPT RESPONSE

Initial responses to the site looked to use the enclosed triangular geometry between the two roads, while maintaining the established green edges and trees. This arose on internal control lines to place a proposed object on initial concept exploration looked to curve and shape a singular object to reflect the angles of the site and respond to the roads, while creating more sheltered external zones around the building.

BETH HOUSE - DESIGN AND ACCESS STATEMENT | NOV 22

LOCATION

The site is located on the outskirts of the town of Beith in the Gairloch Valley in North Ayrshire. The town is situated roughly midway between Ardrossan and Glasgow along the A737. It sits on the east of the hill and was known originally as the "Hill o' Beith", or the "hill o' the dachan". In Gaelic, Beith means to be the area was believed to be covered in woodland.

The site itself is a triangular shaped wedge between the A737 bypass and Threapwood Road, on the outskirts of the town centre. It is in an area consisting of older large individual mansions, parkland woodlands, and the edge of open undeveloped areas to the east.
