

31 Forest Road Park, Oakmere, Northwich CW8 2DY

Offers in excess of £150,000

Located on a popular park home development on the outskirts of Northwich, and perfectly located between the villages of Sandiway and Oakmere. Having undergone a significant program of updating by the current owner it sits on an enviable plot with its own gardens, three allocated parking spots and enviable views over countryside. From entering the home the deceptively large accommodation is immediately evident with an inviting hallway which in the main most rooms lead off. A dining area opens up into a great size lounge with balcony off making the most of the views. A fully updated and stunning kitchen with breakfast bar and access to utility room as well as fully re-modelled shower room with three piece suite. The property has two great sized bedrooms with bedroom one having the additional benefit of a walk in wardrobe. We are informed that it previously was an ensuite and could potentially be returned to if required.

- Popular park home development.
- Brand new kitchen & bathroom
- Allocated parking
- Fully refurbished by current owners.
- Two double bedrooms.
- Views over countryside.
