Situation and Description

Bodenham Road is a sought after and well established residential area close to a range of services that are within easy walking distance, including shops, schools, colleges, and a mainline train station. More extensive facilities are available in the city centre which lies within 0.75 of a mile.

The property itself is a spacious second floor flat with a good sized living room which enjoys far reaching views to the Black Mountains. There are two double bedrooms as well as gas fired central heating and double glazing making the flat ideal as a first home, or as an investment, particularly as there is some scope for redecoration and improvement. Outside there are communal gardens and the added advantage of a very useful garage.

On arrival, a communal entrance hall with an attractive tiled floor, provides access to the main staircase which leads up to Flat 1, with time delay lighting and roof light.

A front door then leads into a large entrance hall with a door leading into the living room which has a large double glazed dormer window enjoying fine views across the city towards the cathedral and the Black Mountains in the distance.

The kitchen is very functional and includes matching floor and wall cupboards and space for the usual appliances.

There are two good sized double bedrooms each with their own character including a Victorian fireplace, a double wardrobe and again some excellent views. The bathroom includes a bath with mixer tap and shower attachment, wash handbasin, WC and a fully tiled shower cubicle. An airing cupboard houses a gas fired combination boiler and a separate door provides access to a fire escape.

We understand from the owner that the roof was replaced in 2009 and additional insulation was included. We would however ask prospective buyers to clarify this point with their own surveyor.

Outside

The property benefits from a garage to the rear and an additional parking space.
