Living Space

The home welcomes you in via the entrance porch where you can keep coats and shoes tidy and tucked away. The porch opens into the central hallway which gives the first impression of the beautifully bright and airy interiors. The original oak floor has been restored to an excellent standard and invites you through to the reception rooms at the front, with bay windows and original feature fireplaces giving a nod to the property's history. The fireplace in the lounge is an open fire with dual fuel capability. Both reception rooms are great sizes and could be interchangeably used as lounge and dining room. Further styling includes picture rails and period doors with matching period architraves and skirting boards.

At the back of the house is the top quality, Italian-made Bertazzoni integrated kitchen, which continues the impressive style and immaculate condition, with in-frame shaker style cabinetry, a granite worktop and a Bertazzoni range cooker with six-plate gas hob and extractor, two electric ovens, a grill and warming drawer. There is also a traditional style white sink with drainer and tap which matches the timeless style, and an allocated spot for a freestanding fridge-freezer. Off the kitchen is the utility, which features plumbing for the washing machine, and adds handy extra storage space. Further storage is also available via the small integral storage room which is accessed from the back garden - ideal for garden tools or other bits and bobs!

Before we head upstairs, situated off the central hallway is the cloak/WC which is notably large and adds practicality offering more storage space, and unsurprisingly this space is also finished to beautiful standards! It is presented in pristine condition, with a Victorian style Savoy wash basin, complementary toilet and radiator with heated towel rail.

Bedrooms & Bathroom

The spacious landing is bright and airy, bathed in natural light with the feature window above the stairs, again showing off the beautiful original restored oak floor. More storage space is available upstairs too, with a great amount of integrated cupboard space at the top of the stairs!

The stylish blend of contemporary decor and period charm continues in the bedrooms and bathroom, and each of the three bedrooms are good sized doubles, with the master being particularly generous in size. And the second bedroom features another original fireplace which adds to the character.

The main bathroom comprises a three-piece shower suite of high quality, with a Villeroy & Boch feature design wash basin, Hansgroh wash basin tap and shower, and Gerberit toilet. Like all other rooms in the house, this bathroom is also pristine, with neutral tiling to the floor and walls.

Outside Space

A mature hedgerow to the front creates a great amount of privacy for both the front reception rooms and the front lawn. The tandem drive with gates leads down the right of the property to a timber garage/large shed providing plenty of space for external storage. To the rear of the property is a good-sized garden with a central lawn surrounded by shale, all of which is south facing! There's also three raised vegetable beds which are in excellent condition and ideal for those with green fingers.
