DESCRIPTION

Cowleaze is an attractive equestrian property set in a quiet rural location, featuring a charming, detached home alongside excellent equestrian facilities.

The house was renovated by a previous owner to create a spacious four-bedroom family home. The ground floor centres around a large open-plan kitchen, breakfast, and dining area. Additionally, there is a generous sitting room, a ground-floor bedroom, and a family bathroom. The current owners have enhanced the home with the addition of a spacious utility room and a shower room, making it highly practical for rural and equestrian living.

On the first floor, the property offers a principal bedroom suite and two further bedrooms.

Outside, the house sits within an enclosed, well-established garden that leads directly to the extensive equestrian facilities. These include a 15-stable American barn, a machinery and forage store, a Claydon horse walker, a muck compound, and a 50m x 30m outdoor arena with a Flexiride surface.

In total, the property extends to just under 12 acres, the majority of which is divided into separate paddocks with newly installed Horserail fencing. Each paddock has mains water access and can be reached via the main driveway, which runs through the centre of the property.
