## **GENERAL REMARKS**

Grantham is a traditional expanding market town with a current population of approximately 41,000. The town is one of the most readily accessible in the East Midlands and has mainline train connections reaching London (King's Cross) in just over one hour.

Barrowby is a popular expanding village located two miles west of Grantham at the intersection of the A1 and A52 trunk roads. The subject premises occupy a prominent position in the centre of the village and comprise of a single storey retail unit together with large butchery preparation room and bakery. In addition, there are two adjacent vacant residential cottages Kinross and Rinteln. Kinross has not been occupied for many years and incorporates a freezer used in connection with the commercial premises. The cottage is in need of refurbishment. Kinross has recently been vacated. There is vehicular access from Main Street leading to a large vehicle parking area at the rear. The commercial premises were built for the existing butchery use but could be readily adapted for a variety of other trades and uses subject to any necessary planning consent being obtained.
