OUR SHOPPERS

These groups spend more than £1,000 per capita on clothing and footwear, which represents strong local demand for the premium fashion brands at Princes Square.

The Wealthy Executives group is also well-represented within the catchment, adding a further spend of £950 per annum. It is important not to overlook the less affluent catchment, as this spend is often even more due to the status associated with fashion and brand affiliation.

*ACORN is a consumer classification that segments the UK population.

Princes Square focuses on the four highest spending ACORN* groups:

- **Educated Urbanites**
- **Prosperous Professionals**
- **Wealthy Executives**
- **Aspiring Singles**

- The city ranks second only to London's West End in the UK Retail Ranking.
