DESCRIPTION

Eastmoor Lodge has been cleverly extended and re-modelled to provide versatile and significant accommodation of exceptional quality. Whilst unassuming and incredibly private on first approach, the property takes full advantage of its stunning grounds with highly contemporary glazing systems to the rear. The house provides all that is required for comfortable modern living and benefits from high investment in renewable energies with photo voltaic panels and an air source heat pump.

The accommodation centres around a stunning kitchen family room with bi-fold doors to the beautiful private grounds. A place in which to live, cook and entertain it's very much the heart of this modern house which has 2 adjoining wings providing incredibly versatile living spaces currently providing 5 bedrooms and 5 bathrooms. The property offers potential for an annexe/letting accommodation or teenage suite if required, together with additional business/leisure opportunities.

Outside as in the house continues to impress and benefits from 3 separate private driveways and a number of useful outbuildings including a large detached workshop with adjoining well-equipped office. The property is ideal for those seeking an idyllic and versatile family home, and for those seeking potential for multi-generational living and business/leisure opportunities.

Given the investment in renewables it makes for a uniquely versatile property which is also incredibly cost effective to run and currently enjoys renewable heat incentive payments in addition to the electricity generated via the photo voltaic tiles.

Sutton-on-the-Forest is a much admired village ideally positioned between the market town of Easingwold and the vibrant city of York. There is a church, a local pub and a village school. Access to the well served villages of Haxby and Strensall is close by with the coast and beautiful countryside also on your doorstep.
