

1 Lexden Terrace, St. Julian Street, Tenby, SA70 7BJ

£1,800,000

A rare opportunity to purchase one of Tenby's finest Grade II* listed homes.

This premier house is situated in the distinguished row of Lexden Terrace, in which the front gated courtyard and cliff-top garden are located. Boasting spectacular views towards St. Catherine's Island, Caldey Island and Carmarthen Bay beyond.

St Catherine's House is the largest of the terraced houses, set over five floors with seven bedrooms, four bathrooms and four reception rooms and has retained many of the original architectural features. It has the added benefit of an exclusive private garden and a flagstone terrace built into the cliffs, with steps leading directly to the golden sand beach below.

These elegant seafront properties were built circa 1845 for John Rees, a ship's captain of Tenby who made the first accurate charts of the Chinese Coast. He made his fortune trading opium along the Chinese coast and invested the money in property in Pembrokeshire.

Please note that this property is currently SSTC, but interested parties are welcome to make enquiries and will be added to a list of reserve buyers
