

ASSEMBLY
BRISTOL

BUILDING 3

CHEESE LANE, BRISTOL BS2 0JJ

WHERE IT ALL COMES TOGETHER

Assembly is where it all comes together. Prime waterfront position and city centre location. Beautiful landscaping and abundant outdoor spaces. Fresh perspectives and stunning rooftop views. Flexible floorplates and natural light. Sustainable design and genuine wellbeing focus. A vibrant community and a connected future. It's a truly unique workplace for our city, made for the people and made for Bristol.

ASSEMBLY BRISTOL

ASSEMBLY BRISTOL

Assembly Bristol comprises three new office buildings - offering a variety of spaces and floorplate sizes. Its waterfront setting and landscaped areas provide a major new public space with access to Temple Way. Perfectly placed for transport, leisure and retail, the development is just a short walk from Temple Meads Station, Cabot Circus and the thriving Old City.

KEY FEATURES

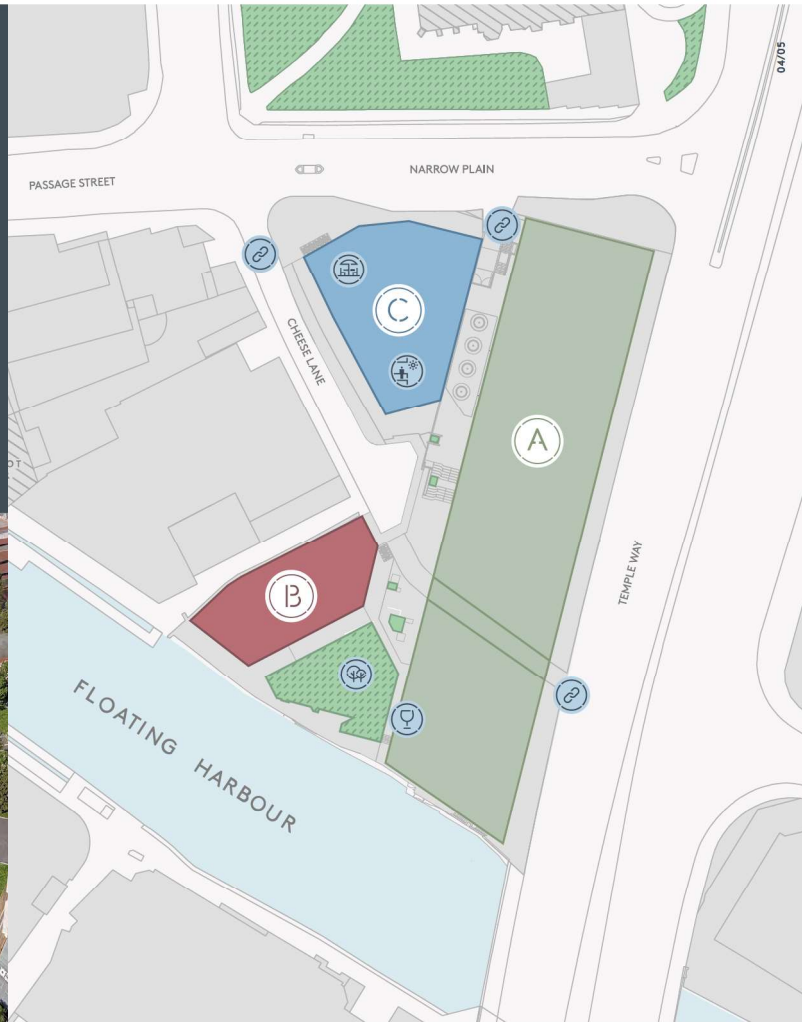

WATERSIDE COFFEE SHOP / RESTAURANT
An operator will be selected for the waterside café / restaurant unit as part of Building A, which includes an external patio area.

LANDSCAPED WATERFRONT PARK
The public realm will provide a spectacular new waterside park to enjoy, and a new destination for Bristol.

RECONNECTING THE CITY
Assembly's new walkways will link Cheese Lane with Temple Way as well as various other connections from Narrow Plain and Tower Hill.

PERFECTLY LOCATED

With its commanding position overlooking the city's Floating Harbour, Assembly Bristol sits within the Bristol Temple Quarter Enterprise Zone, one of the largest urban regeneration areas in the UK. The site is adjacent to Temple Way and a short walk from Cabot Circus, the city centre's main shopping area.

Excellent transport links include Temple Meads Station less than a five minute walk away, for regular services to London and the rest of the UK. The site is well served by various bus routes, including a new Metrobus. And with Bristol being the UK's first 'cycle city', major provision has been made for cyclists within the design of the development.

COMMUNITY

Assembly is more than a workplace. It's a new community for Bristol, with regular waterside events, beautiful public spaces and a restaurant open to everyone.

WORKPLACE

WELLBEING

Assembly is where everything comes together to create something special for our city. Sitting proudly on the waterfront in the heart of Bristol, it's an endlessly inspiring place to work.

Designed to help your team stay healthy and happy, Assembly is a development where wellbeing comes built in. Our waterside setting lifts the spirits, with its relaxing park and bustling event spaces.

ENVIRONMENT

ASSEMBLY BRISTOL

Assembly's distinctive colour palette and contemporary aesthetic immediately set it apart. Incorporating modern methods of construction and design, the development combines superb quality with excellent efficiency and impressive sustainability. It's a workplace built for today, and ready for tomorrow.

UNIQUE DESIGN

TOTALLING
28,159 SQ FT
OVER 7 FLOORS

Assembly is designed to bring joy to your team, in a thriving workplace focused on staff wellbeing, health and productivity. Building B offers a total of 28,159 sq ft over 7 levels, with whole floors from 1,700 to 4,500 sq ft, plus flexible floorplates. Generous ceiling heights and full-length windows deliver ample natural light and impressive views across the park and waterfront. Perfectly positioned within Assembly, Building B's entrance and reception directly face the spectacular waterside public park and Floating Harbour. This smart development also features a cutting-edge app to maximise the building's efficiency and build a flourishing connected community.

ASSEMBLY BRISTOL

Sitting proudly on the waterfront in the heart of Bristol, Assembly is much more than simply a workplace. It's a new community for Bristol, with regular waterside events, beautiful public spaces and a restaurant that is open to all. This is a place that nurtures togetherness and enriches our city's culture, where you'll be inspired to connect, collaborate and create.

WATERFRONT COMMUNITY

Relax in our beautifully landscaped park; home to 3,200 plants, 29 trees and 1,300 bulbs. Meet for lunch at our podium, where market stalls and food vans buzz with activity. Check out the vibrant social scene through Assembly's 'Smart Spaces' app, which connects everyone to our thriving programme of events across our spaces.

ASSEMBLY BRISTOL

Building B offers a rare opportunity to buy or lease a high profile 'own front door' office building in the heart of Bristol. Whilst the building is also initially available on a floor-by-floor basis, there's also the possibility for a single occupier to take advantage of Building B's self-contained design, and take exclusive control of the whole building and its powerful branding opportunities.

EXCLUSIVE OWNERSHIP

14/15

With its commanding waterfront location bordered by the spectacular waterside park and Floating Harbour, Building B is perfectly positioned to make a statement for your company. With 28,159 sq ft of space, this self-contained building also has an unrivalled micro-position within the Assembly development, and represents the final piece of this impressive 320,000 sq ft urban development. Exclusive ownership will provide a unique branding opportunity, with the ability to apply high profile signage with excellent visibility, right at the centre of Bristol's exciting regenerated waterside.

ASSEMBLY BRISTOL

SUSTAINABILITY & CONNECTIVITY

Designed with the future in mind, Building B offer excellent eco-credentials, and class leading connectivity. Throughout the design process, sustainability has been a crucial consideration, and Assembly's impeccable green credentials promise more efficient running costs for occupiers.

We have teamed up with Telkom to bring you dedicated ultrafast internet installed and ready from the day you move in. Say goodbye to waiting.

BRISTOL A CITY OF THE FUTURE & 'SMART CITY' LEADER

ULTRAFAST BROADBAND AVAILABLE FROM DAY 1

ASSEMBLY BRISTOL OFFERS A WEALTH OF CONNECTIVITY TO THE SITE, WITH NUMEROUS INTERNET SERVICE PROVIDERS

WWW.BRISTOLISOPEN.COM

16/17

Building B's sustainability strategy complements smart systems with passive design measures, to limit dependency on 'add-on' solutions. These will maximise user comfort and control whilst minimising energy use and running costs.

BREEAM 'EXCELLENT' RATING

EPC - TARGETING A

TENANTS CAN CERTIFY THEIR SPACES UNDER THE WELL FRAMEWORK

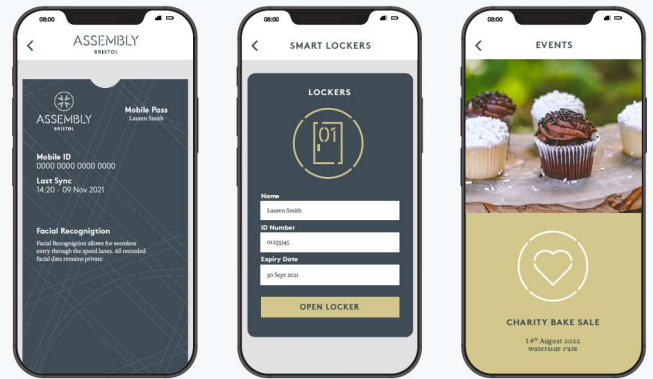

ENVIRONMENTS ARE CONTROLLED BY ALL ELECTRIC REVERSIBLE AIR SOURCE HEAT PUMPS

A SMART BUILDING

Designed as the ultimate workplace and built using the most advanced construction methods, Building B also offers connection and control via the Assembly app. As well as offering secure and hands-free access, this award-winning 'smart building' software lets you control your environment, engage your workplace community, and conduct every aspect of your working day, all from your mobile device.

The Assembly App will help streamline visitor process handling, help foster community engagement, connecting to estate concierge, improve building management and provide powerful data analytics so you can be better informed about the building.

WELLNESS

At Assembly, wellbeing comes built in. With its relaxing park and bustling event spaces, the waterside setting instantly lifts the spirits. The unique design and use of colour promotes occupier delight and wellness - through better engagement with the building - helping you to attract the best talent. With three beautifully landscaped green areas to enhance biodiversity, a public restaurant in Building A, and excellent provision for your two-wheeled commute, it's all set for an excellent work/life balance. Building B is 'Well Enabled', making it easy for you to apply for Well Certification and reflect your commitment to staff wellbeing.

FLEXIBLE GROUND FLOOR SPACE

36 CYCLE SPACES, 36 LOCKERS, ELECTRIC BIKE CHARGING POINT AND A BIKE MAINTENANCE AREA

COMMITMENT TO REDUCE ENERGY, WATER AND PAPER CONSUMPTION AND ASSOCIATED CO2 EMISSIONS

BREEAM RATING FOR OVERALL PERFORMANCE OF A NEW CONSTRUCTION: EXCELLENT

4 SELF-CONTAINED SHOWERS, ONE OF WHICH HAS DISABLED ACCESS

SMART SPACES ASSEMBLY APP USING THE LATEST IOT TECHNOLOGY

TELCOM - ULTRAFAST BROADBAND ALREADY CONNECTED

TARGET EPC A

RECEPTION

- The main entrance is located at the end of Cheese Lane with automated double doors.
- Highly flexible ground floor space and reception, containing a bespoke reception desk and occupier signage.
- A separate rear entrance will be provided adjacent to the bike store and also connects to the end of Cheese Lane.

OFFICE FLOORS AND CEILINGS

- The design intent has been to maximise the sense of space on the floor plates by omitting as much solid ceiling as possible and exposing the structural soffit.
- Typical floors - 3.25m floor to soffit, 2.8m floor to ceiling if installed, 2.7m to underside of main service distribution route.
- 150mm (nominal) raised access floor
- Opening Windows

OCCUPANCY

- Occupational density of 1 person per 8 sq m
- Means of escape 1 person per 6 sq m

LIFTS

- 2 passenger lifts, one with 21 person capacity (1,600kgs) which will also act as a goods lift and one 13 person which will also act as a firefighting lift.

MECHANICAL SERVICES: OFFICE PERFORMANCE

- Cooling will be provided by VRF air conditioning using soffit mounted fan coil units zoned in accordance with BCO guides.
- Fresh air rates exceed current regulations, heat recovery equipment prevents cross contamination risk. Fresh air will be provided by a centralised air handling unit with thermal recovery located on the roof.
- Sprinklers on every floor

SMART TECHNOLOGY

- Telcom ultrafast broadband already connected
- Smart Spaces Assembly App

ELECTRICAL SERVICES

- LED Lighting: Offices 400 lux (target) at desk level
- Digital lighting control system

WCS & SHOWERS

- WC provision is located in the core and provided as superloos with an accessible WC at every level.
- Secure cycle store has direct access to the rear entrance into the changing and locker facility located on the ground floor.
- 4 self-contained showers, one of which has disabled access.

CYCLE FACILITIES

- Cycle store has a dedicated entrance accessed from Cheese Lane with access control automated doors.
- A dedicated shower, changing and locker facility for cyclists.
- 36 cycle spaces, plus 43 visitor spaces on the estate together with a Brompton Hire Locker on Temple Way.

PERFORMANCE

- Sustainable management - The building is to provide a continual commitment to reduce energy, water and paper consumption and associated CO₂ emissions by merit of its design.
- BREEAM rating - Excellent
- EPC - Targeting A
- Well "Enabled"
- SmartScore - Rating

LANDSCAPING OUTSIDE SPACE

- Extensive waterside public realm and new high quality estate landscaping.
- Public art by renowned artist Alex Chinnick.
- The public park will benefit from a mix of traditional paving, concrete and cobblestones together with lush greenery to define the character of the open space.

ASSEMBLY BRISTOL

MADE FOR CLARKE WILLMOTT

In Spring 2023, Building C will be complete and the top 2 floors of the 11 storey building will be let to Bristol law firm Clarke Willmott LLP.

STEPHEN ROSSER
CEO, CLARKE WILLMOTT

“The pandemic has fast tracked our ways of working and transformed the way we operate. As we look forward Clarke Willmott is fully committed to delivering excellent hybrid working. For us this is about facilitating excellent remote working combined with an excellent and appealing office environment in order for staff to enjoy working collaboratively in person with clients and colleagues, whilst also enjoying the culturally important social aspects of work.

We were looking for a space that enabled a significant reduction of our overall space requirement given our plans for hybrid working, at the same time we wanted an office that provides an attractive destination for our staff that they will enjoy working in. More broadly given our environmental commitments, we want an office that delivers on that front too. Assembly C meets and in many ways exceeds all of these requirements.”

MADE FOR BRISTOL

AHMM Architects are responsible for the design of Assembly, working with a local team from their Bristol office.

STEPHEN TAYLOR
DIRECTOR, AHMM

“The place of work is changing, faster than ever and in a direction of travel accelerated by both the pandemic and the climate challenge.

That said, we must not lose sight of the past but build on the innovation and energy of lessons learnt.

At the Assembly Bristol campus we took design initiatives developed on previous projects and pushed them further. Experience gathered from designing new buildings but more importantly the challenges faced when working with older buildings that are repurposed and reinvented. This is where innovation and a move away from a ‘one solution fits all’ approach is best exercised. These projects generate an architecture that is clever, efficient, sustainable and full of delight. To capture this in a new development we self-imposed design principles to do more with less and make everything that you add to the building work its hardest. The idea that architecture comes purely from building structure, services and skin, such that nothing needs to be added and nothing can be taken away. This influenced the design for Assembly A where structure is celebrated, the skin sits behind and the building services become the interior finish. Buildings B and C do the same but take the principle further with the additional initiative for off-site construction.

Columns, beams, floor slabs have been factory made and delivered just in time for assembly on site by a handful of construction personnel and a crane. Tied to this is the vertical circulation core. Storey high boxes of twin-wall concrete with stair flights and windows pre-installed are stacked up by the same method. The structure is then skinned in unitised façade panels, zipped together to provide solar, thermal and visual performance. The result? A consistency in quality and the construction delivered safely and efficiently. The buildings become both manufactured and handmade; achieving more with less.”

ASSEMBLY BRISTOL

MADE FOR BT

Assembly's first phase, Building A, completed in July 2021. Let in its entirety to BT as part of their 'Better Workplace Programme', the building will be a hub for up to 2,500 employees from summer 2022.

GRAEME PATON
BT'S MANAGING DIRECTOR
PROPERTY AND FACILITIES SERVICES

"Our brand new building in the centre of Bristol is very exciting. It will bring our people together in a modern and collaborative environment, helping us transform the way we work.

Although many of us have been working from home successfully over the last year thanks to technology and connectivity, we also know that modern office environments are vital. The buildings we work in play a huge part in how we feel and how we collaborate with each other. Our new offices will help us attract and retain brilliant people and we look forward to welcoming colleagues into this great new building when it's complete."
