The kitchen has an array of base and wall units with space and plumbing for a washing machine. There are internal double doors from the dining area opening to the lounge to allow the choice of open plan living for the majority of the ground floor. Also, there is a useful understairs storage cupboard. French doors and a separate patio door from the kitchen/dining room open to the beautiful Southerly Facing rear garden. Pops of colour and greenery attract the eye as soon as you walk outside. There are beautiful flowers and plants in the garden with a patio area for outdoor furniture. There is also a vegetable patch and the remainder laid to lawn. The garage can be accessed via the side door and there is also a side gate leading to the front of the house. Accommodating the first floor are two double bedrooms that both benefit from built in double wardrobes with sliding doors. There is also a modern family bathroom and airing cupboard. This wonderful home is further complemented by UPVC double glazing and gas central heating. There is plenty of natural light throughout the entire house which is a great advantage to the home.
