millerhomes

the place to be

A new home. The start of a whole new chapter for you and your family. And for us, the part of our job where bricks and mortar becomes a place filled with activity and dreams and fun and love. We put a huge amount of care into the houses we build, but the story's not finished until we match them up with the right people. So, once you've chosen a Miller home, we'll do everything we can to make the rest of the process easy, even enjoyable. From the moment you make your decision until you've settled happily in, we'll be there to help.

Create your perfect home

The great thing about buying a Miller home is that you are able to make it your own from the very beginning. Once you've reserved your home, you can start thinking about how you'd like things to be and even make a few decisions before you move in.

It could be a simple item such as an additional electrical socket or maybe you want to add flooring or fitted wardrobes. Whatever you choose it can be provided before completion of your new home, so you avoid any future disruption.

You may already have some ideas about what you want for your home. Or maybe you're looking for some inspiration. Our award winning specification provides the perfect place to start. Wherever practical, we ask you to choose your own kitchen and bathroom including your own tiles, worktops, appliances and other options. But that is just the beginning. We have a large range of options and extras that you can consider.

When it comes to getting the details right, we're committed to quality throughout. We only work with high-quality brands, Symphony for kitchens, Porcelanosa for ceramic tiles, Ideal Standard sanitaryware, Vado fittings and the opportunity to select Zanussi or AEG appliances.

From sleek, designer kitchens to cool, contemporary bathrooms, down to the fine details of tiles and taps, there's plenty to fire your imagination and suggest a whole range of possibilities for you to create a unique living environment.

Important Notice: Although every care has been taken to ensure the accuracy of all the information given, the contents do not form part of any contract, or constitute a representation or warranty, and, as such, should be treated as a guide only. Interested parties should check with the Development Sales Manager and confirm all details with their solicitor. The developer reserves the right to amend the specification, as necessary, without prior notice, but to an equal or higher standard. Please note that items specified in literature and showhomes may depict appliances, fittings and decorative finishes that do not form part of the standard specification. The project is a new development which is currently under construction. Measurements provided have not been surveyed on-site. The measurements have been taken from architect's plans, and, as such, may be subject to variation during the course of construction. Not all the units described have been completed at the time of going to print and measurements and dimensions should be checked with the Development Sales Manager and confirmed with solicitors.

Registered Developer

As well as benefitting from excellent road, Metro and cycle routes that provide easy access to the whole of Greater Tyneside, these exciting new houses for sale are close to local amenities and just half an hour's walk from North Shields town centre. With its prime location, this beautifully landscaped selection of two, three and four bedroom new build homes presents the perfect place to settle in the north east. Welcome to Collingwood Grange...

Fairmont
The integrated staircase adds a contemporary, open ambience to the inviting lounge, while the stylish, ergonomic kitchen features french doors that bring a focal point to the dining area, presenting a delightful setting for entertaining.

Why Miller Homes?

We've been building homes since 1934, that's three generations of experience. We've learned a lot about people and that's made a big difference to what we do and how we do it.

We're enormously proud of the homes we build, combining traditional craftsmanship with new ideas like low carbon technologies. The big difference is that we don't stop caring once we've finished the building, or when we've sold the house, or even once you've moved in. We're there when you need us, until you're settled, satisfied and inviting your friends round.

5 stars for customer satisfaction
