Mulberry Cottages Fore Street, Seaton EX12 2LG

This is a delightful double fronted, end of terrace period cottage believed to date from 1860 which has been tastefully modernised whilst occupying a secluded, 'tucked away' location just minutes from the beach. The property has been successfully operated as a holiday let property in recent years proving popular due to its highly convenient location in the heart of the town combined with close proximity to the popular sea front. The accommodation briefly comprises on the ground floor a characterful living room, spacious kitchen/dining room & white suite bathroom whilst on the first floor are three bedrooms (two of which inter connect). The cottage is presented in neutral tones throughout, whilst also benefitting from double glazing and electric heating.

Outside, there is an attractive, secluded paved patio and a further area of garden which we are advised is rented for the sum of £5 (five)pounds per month. Also outside is a useful store/workshop/utility room. In summary, the property would make an ideal holiday/second home or indeed permanent residence and most of the existing inventory of contents can be made available by separate negotiation.
