LOCATION

Wirral's location in the Northwest of England provides a gateway to the UK, Europe and beyond.

Air

Manchester and Liverpool Airports are both within an hour's drive of Wirral with international flights to over 300 destinations.

Rail

47 daily train services connect the area to London with a journey time of just over 2 hours.

Road

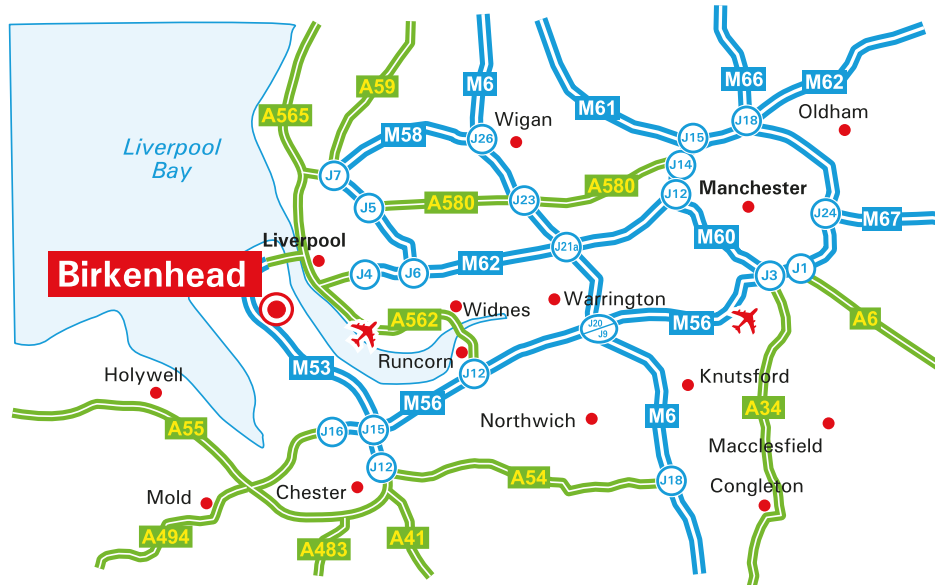

Wirral is well-served by motorway routes, linking directly onto the M53 and the M56 and M6, putting Liverpool only 10 minutes away and a mere 40 minutes drive to Manchester.

Sea

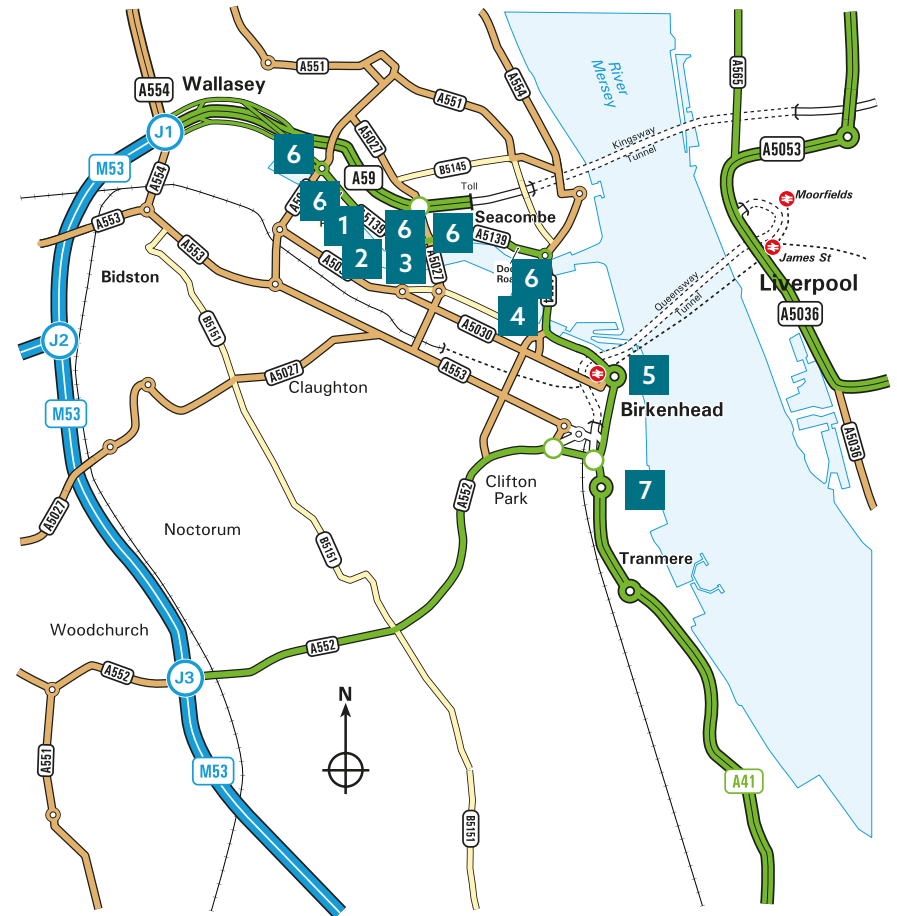

The Port at Wirral, and the rapidly expanding docks at Liverpool and Manchester handle containers of up to 40,000 tonnes of cargo going all over the world. It is the UK's major maritime gateway to Ireland and Liverpool Freeport is the largest Free Zone in the UK with over 2 million sq m of logistics and warehousing. The area is linked to the Port of Manchester via the Manchester Ship Canal with 15,000 combined ship movements per year.

WHY WIRRAL?

Second only to Aberdeen, Birkenhead was found to have a higher concentration of fast growing companies than large cities including London, Cardiff and Edinburgh.

Excellent road, rail, sea and air links offer advantages to all forms of national and international commerce and trade. Shipping, freight forwarding, manufacturing, processing, retailing and distribution all enjoy the benefits of an ideal business location.

The area sits at the centre of a unique SuperPort region, created by a combination of the Port of Liverpool, Liverpool John Lennon and Manchester Airports and the Manchester Ship Canal which together, create synergies to benefit all sectors of industry and commerce.

With new business space available in Wirral, and the UK's biggest regeneration project set to create one of the most important business and trans-shipment locations in the country, business opportunities are enormous.

WIRRAL FACTS

Birkenhead has the highest concentration of fast growing companies in the country (Nesta 2011).

More than a third of Wirral's workforce is aged between 20 and 34.

Wirral has increased its enterprise base by 36% since 2006, this is faster than local, regional and national averages.

ENTERPRISE ZONE

In March 2011, the UK Government established 4 'vanguard' areas within the United Kingdom to give special support. These were the first of the new "Enterprise Zones" designated by the Coalition.

One of these Enterprise Zones was given the name "Mersey Waters Enterprise Zone". This EZ is focused on Peel's flagship projects Wirral Waters, including the Peel International Trade Centre, and Liverpool Waters.

There are many specific and exclusive benefits deriving from this designation including:

- Potentially 100% business rates discount for five years. This means that each business that qualifies will receive discounts for five years from the start of its occupancy in the Zone, providing it enters the Zone by April 2015 and subject to a maximum cap of £275,000

- A simplified and improved planning regime replaces the old legislation which means more flexibility in terms of changes of use of floor space
- The Government will support the provision of superfast broadband in these Zones which is in addition to the £13 million investment by Wirral Government to improve existing broadband facilities
- Enhanced Capital Allowances in specific areas

Mersey Waters
Enterprise Zone

WIRRAL WATERS

Wirral Waters is the largest and most visionary regeneration project in the UK, and most importantly, it is an opportunity for Wirral to enter a new stage in its evolution.

The scheme is 'jobs' driven. Wirral Waters seeks to create well over 20,000 permanent new jobs in Wirral. The scheme will also help create skills and apprenticeships for young people, giving them a future on their doorstep.

Wirral Waters will transform the derelict docks in Birkenhead into a world class waterfront that is alive with activity, animating the water with both leisure and industrial craft.

The project is privately funded and led by a developer with a proven track record of delivery. Peel are seeking to bring investment to the heart of the City Region over the next 3 decades - with public and private sectors working together, we will beat the recession.

Wirral Waters

WHY PEEL?

The Peel Property Portfolio offers the market first class business space in key locations throughout the North West.

Unlike many of our competitors we own and manage all of our properties and have an in-house property manager who will work closely with you to ensure you get the best service possible.

We believe that this 'one-stop-shop' approach allows us to provide a first class service to all of our occupiers and is the key to a successful working relationship between Peel and our tenants.

Expertise Counts

Peel Land & Property's extensive real estate assets consist of 9 million sq ft (836,000 sq m) of investment property and over 33,000 acres (13,000 hectares) of land throughout the UK. Peel also has overseas investments in Bermuda, The Bahamas and Spain.

The breadth of our assets covers industrial premises, offices, 10 retail parks, business parks, leisure venues, residential development and agricultural land. Plans for the next 20 years will deliver an additional 50 million sq ft of commercial space.

Peel Land & Property is a division of The Peel Group, one of the leading infrastructure, real estate and investment enterprises in the UK. Our diverse network of businesses ranges from ports to airports; land to leisure; media to hotels; wind farms to shopping centres, and a portfolio of investments in major public companies.
