No 1 Sunnybank is the former show home of this prestigious development of country manor style properties in the picturesque and peaceful village of West Baldwin that is within a ten minute drive of Douglas and only a 25 minute drive to King Williams College and the airport.

Set over three floors of modern construction standards, this multi fronted property is accessed via a Porch with storage cupboard that leads to a welcoming Hallway housing a ground floor WC. Flanking the Hallway are two spacious Receptions Rooms set out as a Lounge and formal Dining Room. At the end of the Hallway double doors lead to a striking open plan Family Kitchen with separate area for soft seating and dining table. The German Kitchen incorporates a substantial middle Island as well as a generous range of integrated premium appliances offering a contemporary look and feel that is enhanced by a full wall of bi-fold doors opening out to a peaceful terrace and the landscaped rear garden beyond. A Utility Room completes the Ground Floor accommodation with a concealed cupboard hiding

away the pressurised water cylinder.

The First Floor includes a delightful Master Suite with spacious sleeping quarters and a door leading onto a purpose built and well equipped Dressing Room, which in turn leads to a modern En Suite four piece Bathroom. Two further Double Bedrooms are situated on the First Floor that share a Family Bathroom. A Study completes the first floor that could be used as a further Bedroom as required. The Top Floor is made up of two very generous Bedrooms that share a Shower Room.

Externally, to the front of the property is a low maintenance area that is substantially made up of decorative paviers. To the side includes off-road parking spaces in front of a Double Garage with electrically operated up and over doors, with a side door leading to the rear garden. The back of the property includes a functional block paved patio area which leads to a generous and landscaped stepped private garden with multiple tiers that has agricultural fields behind.
