#### ICONIC LONDON LOCATION

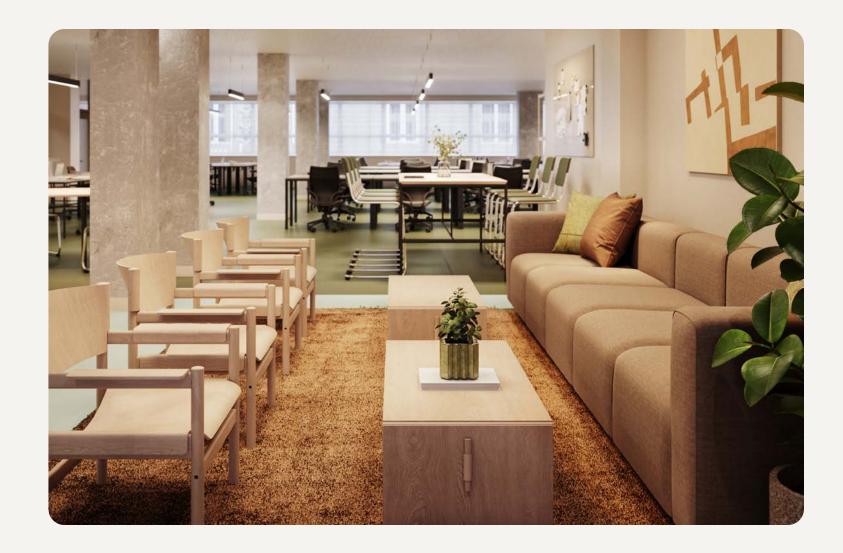

Henry Wood House is ideally situated in the heart of central London, with the famous shopping areas of Oxford Street and Regent Street, along with the vibrant restaurants and cafés of Soho only minutes way. Previously occupied by the BBC's Research & Development Centre, where everything from noise-cancelling headphones to digital radios were created, the building has been the home of great ideas for years.

### **ROOM TO GROW**

With 70,000 sq ft of bright office space, Henry Wood House has been redesigned to support your business as it evolves. Set across eight floors – including two dedicated enterprise floors – the space adapts to every stage of your business's journey. Plus, with all the functionalities for hybrid working, including private phone booths, breakout areas and lounge spaces, your team will feel empowered to do their best work, their way.

#### CLASSIC MEETS MODERN

The interior updates for Henry Wood House take inspiration from the playful designs of the 1960s and nod to the gridded exterior of the building. Inspired by icons of the era including furniture designer David Hicks and fashion designer Mary Quant, the space combines bold geometric patterns with blocks of colour and bespoke textiles.

### **BOOST YOUR WELLBEING**

Known to improve productivity and focus, we've purposefully reconfigured spaces to ensure natural light is available to you throughout the building. The on-site fitness studio gives you space to release feel-good endorphins and clear your mind. Whether you cycle in to work or enjoy a lunchtime run, our showers, changing rooms and bike storage are here when you need them.

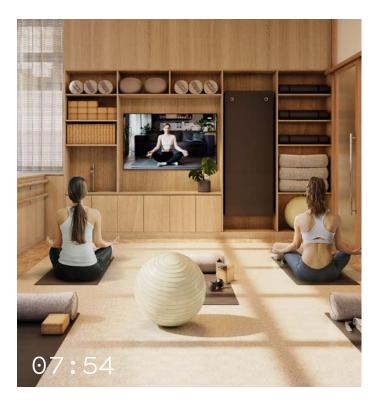

### OUTDOOR SPACE

Henry Wood House features a beautiful rooftop terrace with spectacular views of central London — it's the perfect place to relax with lunch or consider your next big idea. You'll also find an outdoor courtyard on the ground floor, which is attached to our on-site café, so you can take a moment to pause with a hot drink or healthy snack in the sunshine. For more moments of calm, Regent's Park is just a 10-minute stroll away with tree-lined pathways, gardens and plenty of green space for alfresco lunches.

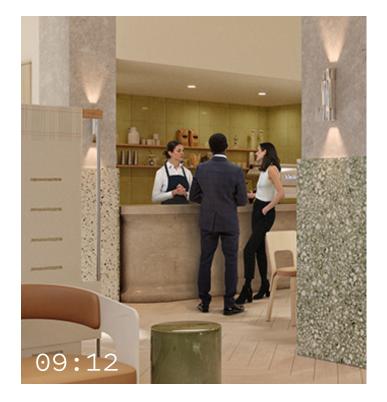

## Shape your day

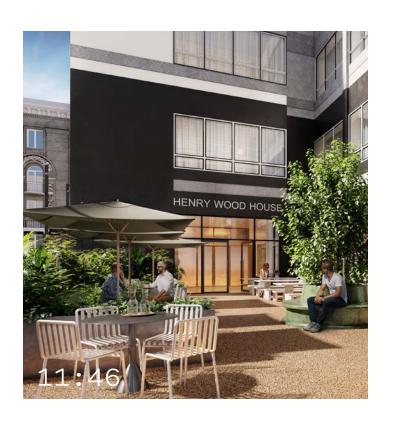

**GET ENERGISED** 

Does movement clear your mind? Unleash your endorphins in our on-site fitness studio and feel revitalised for the day ahead.

## An office fit for the future

Staying true to our sustainably focused design ethos, we've consciously refurbished Henry Wood House, reusing existing features to create an energyefficient, inspiring workspace that works for both people and planet.

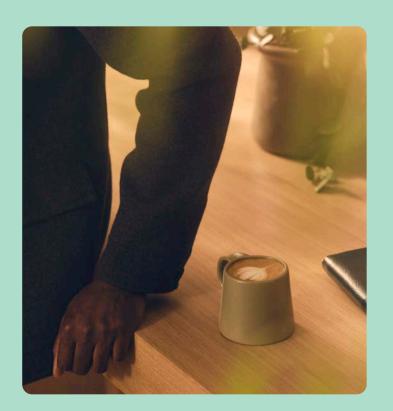

#### HOW WE DID IT

To promote more efficient energy consumption throughout the workspace, we fitted the building with new double-glazed windows.

We restored and recycled the original terrazzo

flooring, which can now be seen in the lift lobby areas. To ensure the existing furniture and fixtures didn't go to waste, we redistributed them throughout our collection and donated surplus items to charity partners across the UK.

All the existing loose textiles from the building were turned into high quality tabletops that you'll see in the new café.

#### REPLENISH

Snacks, teas and coffees are available in our kitchens, and our café offers nutritious meals and drinks. Plus, refreshments are included in meeting room bookings of 12 or more.

WELLNESS

#### RECHARGE
