Clay Hill Road

This home internally has been completed to the highest of standards, meaning the new owners of this home won't have to lift a finger once moving in. The layout of the property begins with a helpful porch which leads through to an inviting entrance hall which remains bright due to a feature skylight. The entrance hall also hosts the stairs and offers access to the ground floor WC. The lounge/diner is located as the front of the home and is a fantastic size, measuring 12'11 x 20'5 and boasts two large windows overlooking the front garden. The kitchen overlooks the rear garden and offers a rear door for access. There is an abundance of surface and cupboard space given by the modern fitted units and there is further storage under the stairs.

The first-floor layout is comprised of three good sized bedrooms and a family bathroom suite. Bedroom 1 measures 13'0 x 12'9 and benefits from a built-in wardrobe space. Bedroom 2 measures 9'4 x 9'8 and bedroom 3 measures 6'9 x 10'4 and also benefits from built-in wardrobe space. The bathroom is a glamorous four-piece suite with a walk-in shower, separate bath, toilet and sink. There is an additional set of stairs which lead to a loft room which measures 11'8 x 20'2 at maximum dimension and also has two Velux windows which allows an intake of natural light. This room has been utilised as an office or a fourth bedroom in the past.

This property has been cleverly extended on which offers some amazing features. Accessible from the decking area is fully functioning sauna, with an accompanying shower room and WC! There is also an external office space which measures 4'11 x 9'6. The garage has been cleverly re-modelled, adding a huge workshop to the front which measures 18'8 x 15'1 and boasts two set of double doors so it can be accessed by vehicles if required. The garage is adjoined by its original garage door and measures 16'7 x 9'7. All of the above has electricity connections which runs on its own fuse box. We highly recommend checking our floorplan to understand the above configuration.

The garden is a fantastic size and relatively overlooked due to the privacy offer by foliage on each side of the garden. There is a gorgeous undercover decking area which then leads to a large lawn space, perfect for entertaining and families. The front of the home offers a large gravel driveway for at least four vehicles as well as a smartly maintained front garden.

This home is truly one of a kind and needs to be seen first-hand to appreciate all of benefits on offer. So call us today to
