DESCRIPTION

The Old Granary provides an attractive Grade II listed converted granary building within a rural setting close to the Guided Busway connecting Cambridge, St Ives, and Huntingdon. There are WC facilities throughout the building and ample car parking space in the large area to the rear.

The property is believed to benefit from the recent planning changes to fall under use class E and could therefore be used for a range of different uses.

The property as a whole provides a mixture of open plan and individual offices with some internal divisions being removable to provide more open plan accommodation. The Old Granary is arranged over three floors in total and has a number of doors to provide access around the perimeter of the building and is therefore capable of being sub-divided if required.

SERVICES

Mains electricity, gas and water are believed to be available to the premises. Interested parties are however advised to make their own enquiries of the relevant service providers. Often, where
