- Arranged over three levels including a basement
- Large rear garden with useful alleyway access
- Approximately eleven minute walk to Wolverton train station with direct links to London Euston
- Ideal for first time buyers, first time investors or experienced HMO investors
- EG1332

Located in the heart of Wolverton, Milton Keynes, this chain free three bedroom mid terraced house offers a strong blend of residential appeal and investment potential, making it ideal for first time buyers, first time investors or experienced HMO investors.

The property has previously been run as a house in multiple occupation and subject to the relevant application and approvals, could be used as a HMO again. The flexible layout allows the accommodation to be configured as two double bedrooms and two single bedrooms, creating an excellent opportunity for investors seeking a high yielding rental property in Milton Keynes.

Based on conservative rental assumptions, the property could achieve an estimated annual rental income of £32,400, with single bedrooms rented at £600 per calendar month including utilities and double bedrooms rented at £750 per calendar month including utilities. This makes the property particularly attractive to buy to let investors and those entering the HMO market.

The accommodation is arranged over three levels including a basement and provides well proportioned and adaptable living space throughout. The ground floor offers two reception rooms, one of which is currently labelled as Lounge on the floorplan but can also be utilised as a second double bedroom if required, alongside a fitted kitchen and family bathroom. The first floor comprises the main bedroom and two further bedrooms, while the basement provides additional usable space suitable for storage or further accommodation subject to requirements.

Externally, the property benefits from a generous rear garden with the added advantage of rear alleyway access, a feature that is highly desirable for both owner occupiers and tenants.

The location is a key selling point, being less than a two minute walk to local shops, cafes and restaurants, and approximately an eleven minute walk to Wolverton train station, offering direct rail links to London Euston. This makes the property particularly appealing to commuters and professional tenants.

For first time buyers, the home offers generous space, excellent local amenities and strong transport links. For investors, the property delivers flexibility, proven HMO history and an attractive potential return, all offered with no onward chain.
