Inside, the layout is simple and sensible - no wasted space, no awkward compromises.

The entrance hall gives you room to arrive properly before leading through to a bright rear living room, where doors open directly onto the garden, creating a space that feels calm, practical and easy to live in. It's a room that adapts well to everyday family life or relaxed evenings in.

The kitchen is modern and neatly finished, with clean lines, good storage and plenty of worktop space - a practical space that does exactly what it should.

Upstairs, there are two genuine double bedrooms, both well-proportioned and filled with natural light, along with a modern bathroom finished in neutral tones and ready for immediate use.

Outside, the rear garden is a real asset. Enclosed and private, it offers a lawn, planting areas and useful storage, making it ideal for children, pets or simply enjoying outdoor space without it becoming a chore. Side access adds further everyday convenience.

The property is freehold and energy efficient, with an EPC rating of C which should help keep costs down.
