Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

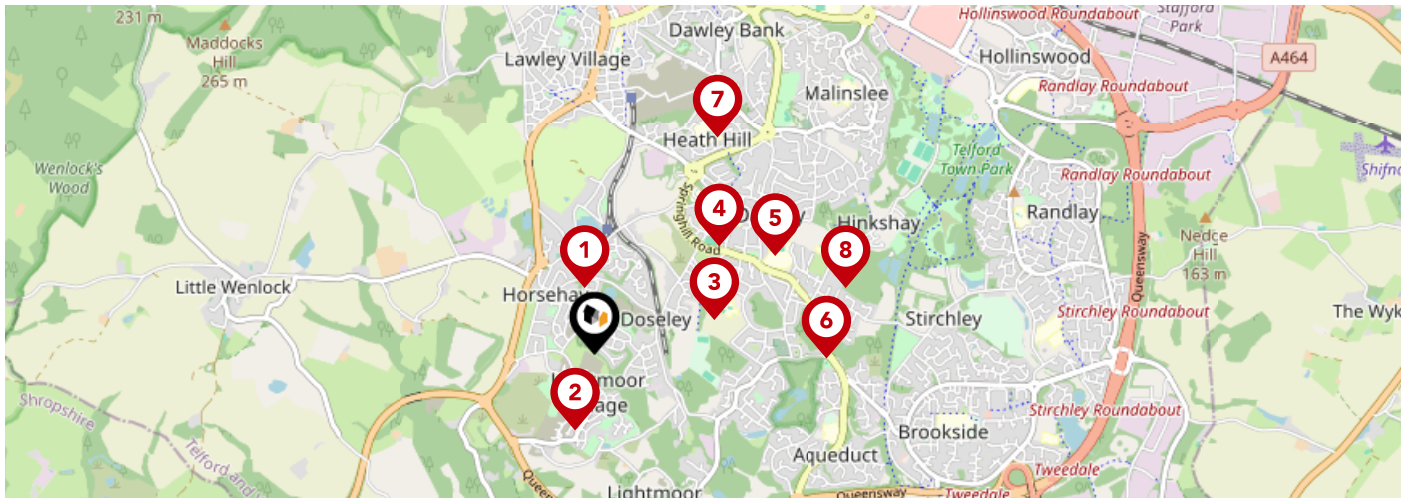

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

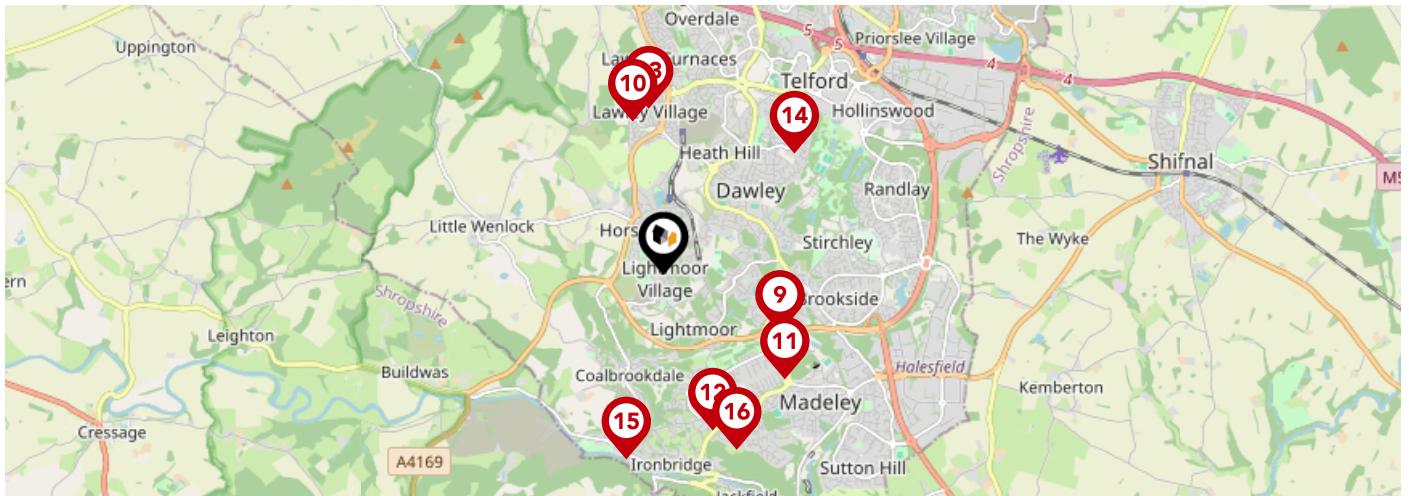

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	■
4		70.0-74.9 dB	■
3		65.0-69.9 dB	■
2		60.0-64.9 dB	■

It's simple really, rather than dealing with multiple people in the office every time you call to ask a question or to get help with an issue that you may have, you deal directly with me from start to finish. I become your personal account manager. You'll get access to my personal number so that you can reach me at a time that suits you. I don't close the office doors at 5pm, as this is not always convenient for you. You can reach me 7 days a week, I'm always here to help.

Testimonial 1

Mark Garner was brilliant. He kept us in the loop from day one. He updated us every step of the way with the purchase of our new home but then at the same time he was also helping advise with the sale of our own house which was a massive help as we were left in the dark with the company we had listed with. I would definitely recommend Mark. Helpful and excellent communication during such a stressful and big transition. Thank you again Mark!

Testimonial 2

Excellent service from start to finish. Mark was always very helpful. Excellent communication, If Mark couldn't answer the phone straight away, he always returned our calls as soon as possible. We highly recommend him.

Testimonial 3

Best estate agent for sure! Mark was excellent from start to finish, consistent and very informative with updates. He made our journey so stressless and was just amazing to deal with. We couldn't thank him enough! HIGHLY RECOMMEND.

Testimonial 4

The best Estate Agent I approached. It was my 3rd property and Mark was absolutely great and professional. He was helping us also with communication between buyers as we were in a chain. We sold and accepted an offer for our house within 3 days from the day the advert appeared online. Highly recommend.
