## The location

## Baschurch is a picturesque rural village in Shropshire.

The village boasts two pubs/restaurants, a convenience store with full post office facilities, tennis club, primary school and the popular Corbet secondary school. A further range of independent schools are available including Adcote school, Packwood Haugh and Oswestry school. A local doctor's surgery, pharmacy and optician are also within close proximity.

There is much to explore locally, not only is the village itself filled with lots of things to do, Shropshire's largest market town, Shrewsbury is only a ten-minute drive away. Offering a wonderful array of independent shops and high street names, alongside restaurants and cafes, a theatre, cinema, and fabulous riverside walks. Shrewsbury also has a train station with direct line services to Birmingham, Manchester, Cardiff, and Holyhead.

Baschurch is a fantastic location for those who need amenities close by whilst also providing a gateway to the Shropshire countryside.

We are a local family owned and run business with an enviable reputation of building high quality homes for over 20 years. We pride ourselves in the personal home buying service we provide to our customers.

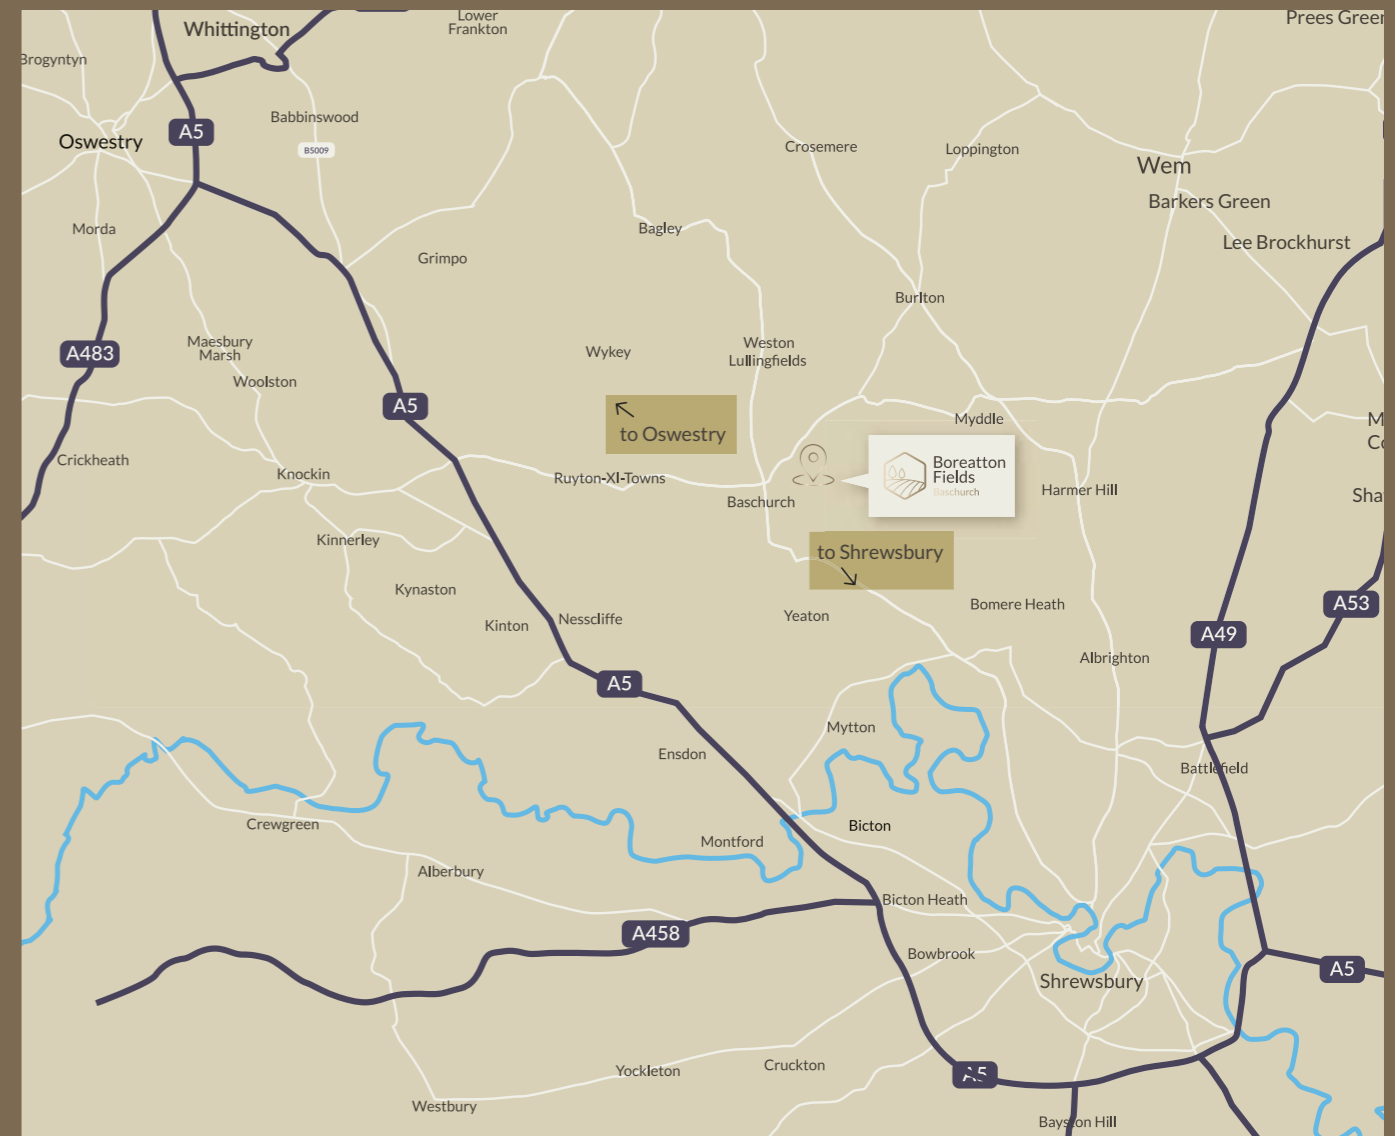

## Smaller, exclusive developments

We build exclusive developments with individual and attractive house types that are sympathetic to their surroundings. Our homes are designed with an emphasis on light, space, layout and quality fixtures and fittings, both inside and out.

Our development at Boreatton Fields Baschurch is no exception.

## Environmentally conscious

At Shingler Homes we are committed to improving the energy efficiency of our homes, so they are better for the planet, and your bank balance. Running an energy efficient Shingler Home could save you an average of £2,600 per year on your energy bills, that's £216 per month! \*

That's why our homes at Boreatton Fields Phase 3 include many energy efficiency features such as Solar Panels, Air Source heat pumps, Electric car charging points, high quality double glazing, thermostatic zone control and underfloor heating and insulation that exceeds industry standard specifications.

"Did you know? Air Source Heat Pumps are more environmentally responsible and could cut your carbon emissions by more than 23 tonnes of CO2 over 10 years. Not only that but to retrospectively change from a gas system in the future could cost you up to £20,000.
