## 1 Bullenshaw Villas, Hemsworth, Pontefract, WF9 4BW

For Sale Freehold Offers Over £500,000

A substantial three bedroomed semi detached house offering scope for a scheme of cosmetic updating, situated in a fantastic rural position surrounded by open farmland.

Ideally suited to those looking for a feeling of rural isolation, the house has an oil fired central heating system and sealed unit double glazed windows. This deceptively spacious semi detached house is set on a large plot extending to 1.1 acres and is approached via a long shared driveway that leads up to this isolated pair of semi detached houses surrounded by farmland. The accommodation is approached via a side entrance porch that leads through into a central reception hall. The main living room has a square bay window to the front and a lovely cast iron multi fuel stove that is open through to the adjoining dining room. The kitchen is fitted with a good range of units with granite worktops and flows through into an adjoining breakfast area that has French doors to a patio that takes full advantage of the views over the gardens. There is a separate utility room in addition to a downstairs w.c. To the first floor, the spacious landing is large enough to accommodate the sought after work from home study area, or indeed could be partitioned to create a fourth bedroom if required. There are already three double bedrooms, each enjoying far reaching views across the neighbouring farmland, in addition to the family shower room/w.c. Outside, the property has a modest front garden, together with parking space alongside a brick built storage shed. The principal gardens lay to the south side of the property with a long meandering path leading through a vast garden with an array of greenhouses, storage sheds and allotment style gardens.

The property is situated at the end of a long rough track that adds to the feeling of rural isolation in this particularly special location. Hemsworth itself offers a good range of local shops, schools and recreational facilities and is ideally placed for ready access to the national motorway network.
