Along a foot-lit winding path, framed by thoughtful planting, this two bed flat awaits behind a handsome farmhouse front door resting upon its own decked terrace. Within the neutral colour dipped walls you are greeted with American oak flooring and original beams framing the expansive kitchen dining area. Here you'll find bespoke kitchen units in shades of deep blue grey, topped with ashén marble worktops set against a wall of chic subway tiling, lit by hanging industrial lights. An island unit hides secret wheels at it's feet, ready to glide in to the living area for customisable hosting options and to bask in the light of large windows. Taking the natural sisal carpeted staircase to the first floor, you'll note the hand crafted Scottish steel balustrade and recessed ceiling lights guiding your way. Each double bedroom has enough space for your wardrobe, Italian dresser and California King size bed, nestled between your pair of Shaker style wooden chairs, moonlighting as bedside tables holding your latest paperback resting against eclectic 1930s lamps. In the bathroom you'll find the London mews meets New York loft style continue with a kingly roll top bath, metro tiled walls and monochrome mosaic flooring. Back inside the master bedroom you'll discover double doors out on to the private roof terrace, with secluded views over quintessential North London rooftops to the taste of your own bottomless brunch.
