DIRECTIONS

From Derby proceed into Little Eaton and continue through the village. Turn left onto Alferton Road and follow the road around where Bottle Brook House can be found on the right hand side.

Bottle Brook House dates back to 1870 and was converted from two cottages into one dwelling in the mid 1980's. The current vendors have spent considerable time and effort in the presentation of the immaculate home which in brief comprises an entrance porch, study/sitting room and access to a large lounge/dining room with spiral staircase leading to the first floor. The ground floor is complemented further by a fitted kitchen with a range of integrated appliances with open plan access to a conservatory which has delightful views over the garden and access to an elevated patio area. To the first floor there are two good sized double bedrooms, bathroom with shower cubicle and a further spiral staircase which reveals an attic bedroom.

The exceptional gardens, extending to approximately 0.6 of an acre, are a notable aspect of the house and must be seen to be fully appreciated. A private driveway opens to reveal a sweeping garden with well kept lawns, well stocked borders, flower beds and mature trees. At the very bottom of the garden is a large detached garage with pitched roof, power, light and electrically operated doors. The property has outdoor stores, one of which is used as a utility space with ample space for appliances. Outside WC.

Little Eaton is situated approximately five miles north of Derby city centre and offers a good range of local amenities including shops, chemist, butchers, historic church, public houses/restaurants and regular bus services to both Belper and Derby. The village is noted for its primary school and is within the Ecclesbourne School catchment area. Local recreational facilities can be found at St Peters park to include football, tennis and a children's play area. Bluebell Woods and Drumhill, which are situated close by, provide delightful scenery and countryside walks.

The sales represents a unique opportunity to acquire a delightful family home with extensive grounds, in an unrivalled location, which should be viewed to be fully appreciated.

Further storage space with lockable door. Outside toilet with low level WC to the side of the house.

To the front the attractive property borders the road there is additional on street car parking.

PLEASE NOTE

Prospective purchasers should note that the property underwent structural alterations in the mid-1980s, which included joining together of 2 semi-detached cottages to form one dwelling with the conversion of the attic into a bedroom and the installation of a spiral

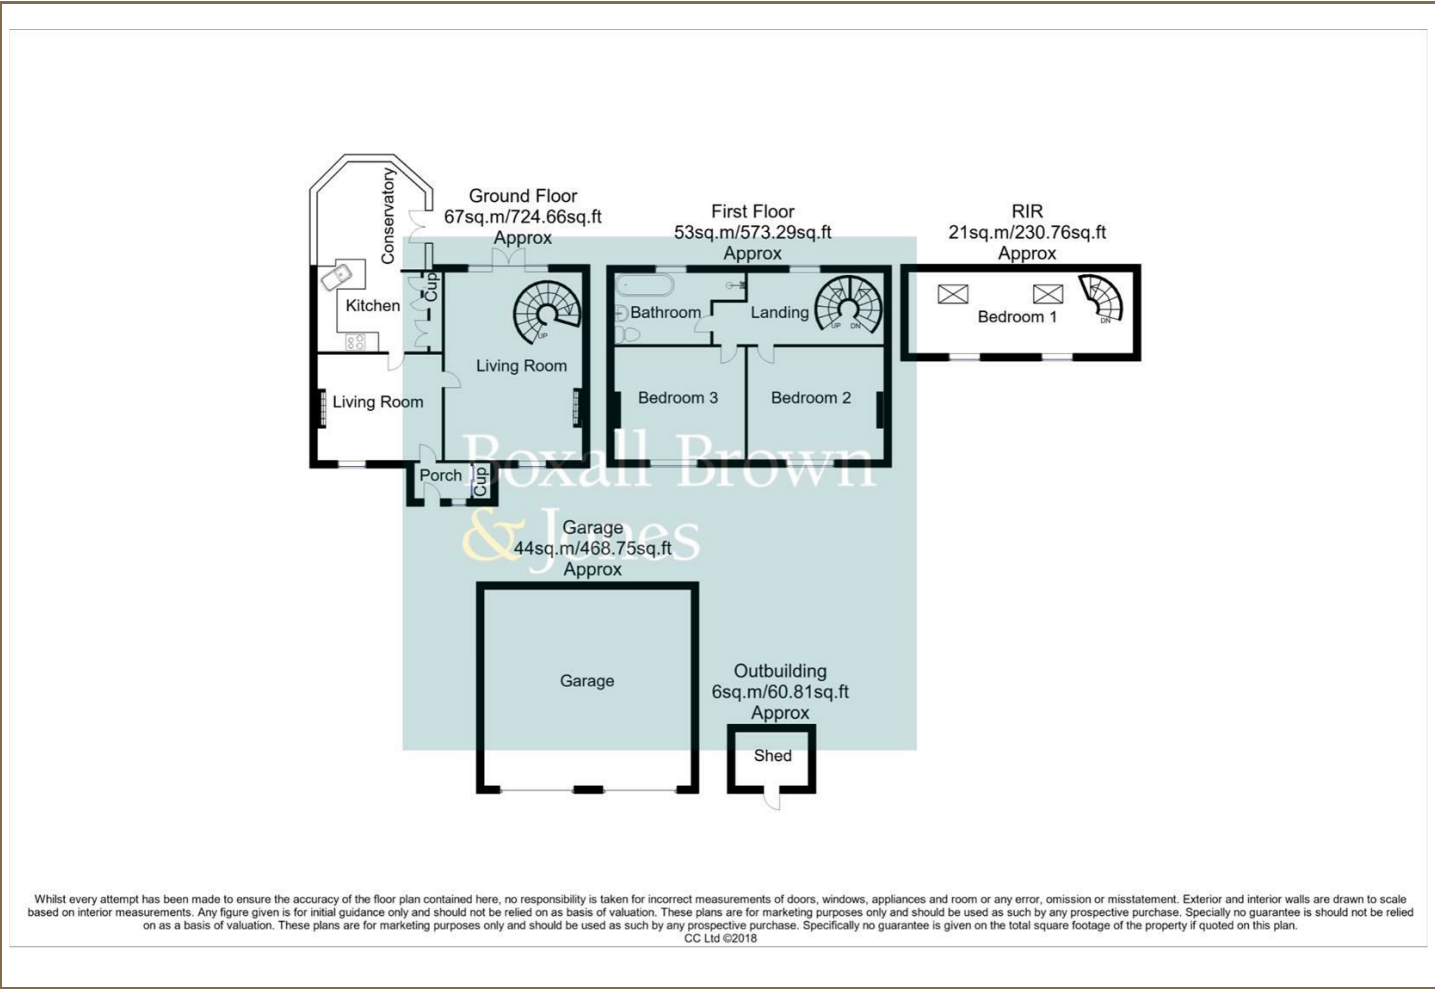

staircase. Although the vendors have evidence that planning permission and building regulation approval was sought, we have been unable to verify whether the required planning permissions and building regulation approvals were secured at the time. We recommend that interested parties conduct their own due diligence. In addition, it is important to point out that the adjacent road and grounds surrounding the property are susceptible to flooding in extreme circumstances, as has occurred infrequently during the vendor's tenure. Importantly, the vendor has informed Boxall Brown & Jones that the living areas of the house have not been affected by such incidents. Any interested parties requiring further clarification should contact the offices of Boxall Brown & Jones before viewing.
