A timber five bar gate opens to a block paved driveway, with gated access to the gardens, door to the garage and uPVC double glazed windows and door which lead into a former car port which is now used for storage.

THE GRAND TOUR

Heading inside, the uPVC double glazed entrance door takes you to a porch entrance, an ideal meet and greet space with an attractive tiled flooring. Ideal for coats and shoes, the porch is also an ideal space for afternoon coffee. A further door takes you to a hall, with built-in storage, and a door to the ground floor study - great for separating living and working environments. With two windows to front, the study is finished with wood effect flooring, and could of course be used as a bedroom. The main hall includes the stairs which lead up, with a useful area of storage below. To your right your eye is drawn into the main sitting room - flooded with natural light and with a scent of the open fire in the air. Wood block flooring runs under foot, with windows to both side and rear, whilst a door also leads out. The ground floor bedroom/garden room is adjacent, also centred on the view of the garden, with a flexible space depending on a buyers needs. The heart of the home however is the open plan kitchen/dining room, with double doors leading in from the hall, this modernised kitchen space offers ample work surface space, room for white goods, and an ideal space for soft furnishings and a dining table. Once again, flooded with natural light, with windows and doors onto the rear garden. Lastly a separate W.C and bathroom complete the downstairs, with a shower over the bath, tiled splash backs and a heated towel rail. Heading upstairs, the landing leads to all three bedrooms, with two offering extensive built-in wardrobe space. An abundance of storage can be found in the eaves, with a useful shower room completing the property, with an eye catching floor covering and tiled splash backs.
