SETTING THE SCENE

THE GRAND TOUR

Stepping inside you are first met with a generously sized entrance hallway, complete with wood effect flooring similar to the most off the property, where two large storage cupboards initially meet you as you enter. Turning to your left you are met with the well proportioned sitting room measuring some 17' in length, with the box bay fronted window at the front of the home flooding it with natural light and the tall slimline modern radiator and wooden panelled French doors taking you directly to the kitchen/dining room. This open floor space is conducive to a choice of layouts of soft furnishings, with free flowing access into the dining room section at the rear of the home to create a more open plan feel if desired. The kitchen comes at the rear of the home as well, in an open plan style, with square edge work surfaces set around a mixture of wall and base mounted storage units extending out to create breakfast bar seating, perfect for family living. An array of integrated appliances can be found including induction hob with extraction above, eye level oven, integrated fridge/freezer, dishwasher and inset sink. Turning to the right of the hallway and all three bedrooms within the property can be found as well as the modern three piece family bathroom suite, immaculately decorated featuring a shower head and glass screen over the bath with tall heated towel rail to the side. The two smaller bedrooms come towards the front of the home, the smallest making the ideal study, nursery or single bedroom featuring a low level radiator below the window. The slightly larger room sitting adjacent currently features two built in wardrobes and has floor space suited to a double bed plus additional soft furnishings. The largest of the bedrooms sits at the very rear of the home with views into the garden, also benefiting from built in wardrobes. This space could easily accommodate a double bed plus additional storage solutions and benefits from the use of a modern en-suite shower room complete with heated towel rail, frosted glass window and shower cubicle.
