SETTING THE SCENE

THE GRAND TOUR

Once inside, an attractive finish to the central hallway is the first thing to greet you with space allowed for coat and shoe storage before heading into the remainder of the home. The tiled flooring within the hallway takes you immediately towards a two piece WC on your right hand side with low level radiator and attractive wallpapering. Slightly further down the hallway the kitchen emerges again to your right hand side featuring an array of wall and base mounted storage units which in turn give way to integrated appliances to include an eye level oven with hob and extraction found above dishwasher and fridge/freezer whilst plumbing and space remains for a washing machine. The tiled flooring then leaves further space for storage with additional wall mounted storage closer to the access door. The main living space within the home sits at the rear of the property in the form of 18' open sitting and dining room. Immediately to the left the floor space opens to leave more than enough room for a formal dining table in front of one of the many triple glazed windows to the right hand side and attractive sitting room space is on offer leaving more than enough room for a potential choice of soft furnishings with handy storage space either side of the chimney breast and access door taking you directly into the private rear garden.

The first floor landing splits in both directions to take you into all three of the bedrooms with the family bathroom suites located in the middle complete with tiled flooring, a predominantly tiled surround, shower head and glass screen mounted over the bath with tall wall mounted heated towel rail. The smaller of the bedroom sits at the very top of the stairs currently functioning as a single bedroom with all carpeted flooring, this space could also make the ideal nursery or home office setup if desired while the first of the double bedrooms sits just next door with more than enough space to accommodate a large double bed with additional storage solutions.

The largest of the bedrooms sits towards the front of the property measuring an impressive 15' in length. This room also has more than enough space to accommodate a double bed with additional storage solutions and soft furnishings with triple glazed window and radiator mounted below.
