AT A GLANCE...

Open connecting Lounge 22ft x 19 and dining Space 22ft by 22ft

Kitchen and adjoining utility room

Five Double Bedrooms - Ensuite to Master

Two family Bathrooms and Ensuite to Master Bedroom

Large Garden - Approximately 0.50 acre plot

Parking to two entry Driveway with Double Garage

WHAT'S GREAT?

This 5 Double Bedroom detached bungalow built c1980's, is situated on a plot of approximately half of an acre, with double garage and driveway parking to the front elevation with two entrances. The plot may offer further development potential STPP.

Comprising original building and rear extension building with potential of combined 3198 sq.ft of accommodation when fully completed. Please note the rear extension to some extent is still under construction.

Of cavity wall construction, with brick skin finish. The original property is set with a pitched tile roof, The accommodation briefly comprises entrance hall, kitchen, living room, master bedroom with En-suite bathroom, four further double plus sized bedrooms and two family bathrooms.

The extension has foundations block and brickwork structures completed with wooden roof beams in place providing a flat roof structure, the extension windows and external doors are

in place. Guttering from the flat roof extension appears to require provision for adequate water disposal.

It must be noted that the openings from the old building to the new in four bedrooms and the main reception lounge have been knocked through and require remodeling and making good.

The electrics and plumbing to the property are unchecked as are any electrical appliances or the gas fired central heating. Retrospective planning certification / building control may be required. This property is SOLD AS SEEN with no warranties or certifications offered or implied.

Outside - A private driveway, offers multi-vehicular parking and a double detached garage to the front of elevation. Beyond the garage, is a brick built shed and outdoor swimming pool, that requires attention. The garden to the rear, requires maintenance and could require levelling with mature trees and open countryside aspect beyond.
