STEPHENSON BROWNE

**** UNEXPECTEDLY BACK TO THE MARKET DUE TO CHANGE IN BUYER CIRCUMSTANCE ****

This imposing, FOUR BEDROOM townhouse represents a fine example of a period property from its era, boasting an abundance of original features and well planned, spacious accommodation you would expect from a property of this age. Having been sympathetically updated and improved by the current owners throughout, this really is an opportunity not to be missed and once you see the fabulous entertaining space, we are convinced that this home won't be on the market for long!

The property is located in a highly sought after and prestigious area, conveniently positioned close to Congleton town centre itself with the variety of day-to-day amenities it has to offer, along with nearby countryside walks and schooling at Marfield's Primary School.

Internally you are welcome into the entrance hall with stunning Minton tile flooring, the first of many original features, from here you have both the living room and dining room, both with high ceilings and feature fireplaces. Also on the ground floor is the stylish fitted breakfast kitchen with space for AGA range cooker, fully fitted utility room, WC with shower and access to the cellar. To the first floor is a spacious landing with access to four generous bedrooms and large family bathroom.

Externally, the property benefits from an Indian stone paved driveway for two cars to the front. To the rear is an enclosed walled paved courtyard garden, perfect for outdoor dining. There is also gate access to a rear track leading across to further outdoor space. Victorian block pavers provide steps up to the elevated garden, mostly laid to lawn with a gravelled seating area, summer house and range of shrubs, trees and bushes. This garden is a real suntrap, capturing the sun majority of the day!

Early internal inspection is highly advised to fully appreciate the property's true size and convenient position.
