# DETAILS

The sitting room is of very good proportions with doors leading out to the veranda. A central wood-burning fireplace creates a focal point to the room and a central hub to flock around on those colder winter evenings.

This flows rather nicely into the sunroom which also has access to the veranda and garden and can be used for extra seating. Also on the ground floor, there is a large boiler room which is a handy utility space, ground floor bedroom with a WC and hand wash basin along with a further utility area and ground floor WC.

Upstairs there is a selection of six further bedrooms, the principal bedroom is an exemplary size having its own ensuite shower room with a four piece suite and walk in wardrobe.

Bedrooms two, three and four are all very spacious eliminating the age old child's argument over who gets the largest room. The fifth and sixth bedroom are positioned to the rear of the property and could be converted into its own small annex space.

The property has excellent versatile living accommodation which could be split for many uses. For more information be sure to contact Phillips Smith & Dunn and to arrange your viewing appointment. Map not to scale.
