

Your place to grow at

Felix Park, Soham

Your place
to thrive

The Cutter Inn, Ely

Find your place to thrive at Felix Park

Introducing Felix Park, a charming collection of two, three and four bedroom homes in the market town of Soham. Perfectly located in the rural heart of the Cambridgeshire fens, it's just a short drive away from historic Ely and the world-famous University City of Cambridge. This new development has homes available to purchase outright or through the Shared Ownership scheme, so it's ideal for young couples, growing families and downsizers alike.

Soham is a welcoming and long-established community; once occupied by the Romans, people have been settling in and around the town since the Bronze Age. Lying almost halfway between the Cathedral City of Ely and the Horse Racing Centre of Newmarket, the town offers residents the advantages of a healthy, outdoor lifestyle combined with the amenities, attractions and activities to be found in the major conurbations nearby.

Even greater evidence of Soham's ancient past was discovered at an archaeological dig at this very site, when, as part of the pre-development programme, Orbit carried out specialist archaeological work before construction began. Excavation of the area revealed extensive traces of a settlement thought to be from the Bronze Age. The dig also uncovered pottery, animal and plant remains, as well as evidence of Roman ditches; earlier signs of activity have also been unearthed, going back perhaps as far as 2,500 BC!

Find your place to live...

Soham itself has everything to satisfy your day-to-day needs, from a butcher, bakery, florist and medical centre to a variety of traditional pubs, restaurants, cafes, well-known high street supermarkets and a sports centre.

Educational needs for the young members of the family are very well-catered for too, there's a choice of three primary schools - St. Andrew's C of E, The Shade and The Weatheralls. In addition, there's the award-winning Soham Village College, a secondary school with academy status.

...and your places to explore

The historic city of Ely is under 10 miles away from Felix Park, offering a wealth of cultural and leisure attractions. The magnificent Ely Cathedral, at over 900 years old, is counted amongst the wonders of the medieval world, and visitors can enjoy a rich architectural and historical experience.

For nature lovers looking for the wide open spaces, the Wicken Fen Nature Reserve, a biological Site of Special Scientific Interest (SSSI) and one of Europe's most important wetlands, is home to over 9000 species. And there's plenty to see and do in Ely - visit the fascinating, refurbished family home of Oliver Cromwell, take a relaxing riverside walk or picnic in the beautifully-maintained Jubilee Gardens. Alternatively, shop for fresh, local produce at the traditional Ely Markets in the city centre, held every Thursday, Saturday, Sunday and Bank Holiday Monday, with a specialist Farmers Market held every 2nd and 4th Saturday of the month.

Your place to thrive

Your place to thrive

Punting on the Cam, Cambridge

Find your place to explore at Felix Park

Downfield Windmill, Soham

Find your place to enjoy life...

Newmarket Racecourse, the birthplace and global centre of thoroughbred horse racing, is less than 10 miles from Felix Park, and not only offers a great day out for equine enthusiasts, but is also a popular music venue; evening concerts include headline acts like Tom Jones and Olly Murs.

A little further afield you'll find Bury St Edmunds, surrounded by the delightful Suffolk countryside with 1,000 years of history to explore, and offering award-winning food and drink, fantastic shopping, the arts, annual festivals, and stunning parks. Bury St Edmunds is known as a foodie town, and boasts the award-winning Pea Porridge restaurant, the only Michelin starred restaurant in Suffolk! Or visit the splendid St Edmundsbury Cathedral and stand among the ruins of the Abbey of St Edmund in the Abbey Gardens, once the most famous pilgrimage location in England.

Your place to thrive

Churchgate Street, Soham

Lying on the banks of the picturesque River Cam, the famous city of Cambridge is also less than 20 miles away, home to one of the world's most famous universities, which was founded in 1209. As such, this prosperous city has an enormous variety of cultural and leisure attractions to satisfy anyone. Whether you're looking for first class theatre, contemporary art, literature and film, sport, festivals and events, or simply a great day spent shopping (Cambridge was recently voted the number one spot for shopping in the UK for the second year running) – this is the place for you.

Newmarket

Alternatively, for an altogether more tranquil experience, the magnificent Thetford Forest Park is around 20 miles away – a wonderful place for families to enjoy leafy walks, summer picnics, bike trails, or to simply immerse themselves in the local flora and fauna.

Bury St Edmunds Cathedral and Abbey Gardens

Your place to thrive

Find your easy connections...

Soham sits on the A142, which to the south connects directly to the A11 and then onto the M11 straight into London. To the north, the A412 links to the A141 which takes you directly to the A1(M), permitting easy access to the UK's northern cities.

In addition, the new Soham Train Station is just under 1.5 miles away and will take you directly to Ely, Bury, Peterborough and Ipswich, with connections via Ely taking you onwards to Cambridge, Stansted and London.

Homes to be proud of

“Orbit’s customer service has been amazing. The sales team kept us up-to-date throughout the whole process and were always happy to help”

- David and Gemma

We believe that in order to build homes and communities which people will take pride in, we need to take pride in them ourselves. For us it’s all about quality over quantity. All aspects of our building process are underpinned by our own high standards, placing our homeowners at the heart of everything we do and investing in our communities to create great places to live, work and play.

Help to Buy in a countryside location

Darren and Lisa moved into their new Orbit home, which they purchased using Help to Buy, in June 2020. Having previously lived in a three bedroom, semi-detached house in Eastbourne with their daughter Evie, the family decided to upsize and move to a more rural location. After looking at other properties in the local area, they chose a four bedroom home at Orbit’s new Hedgerows development.

Talking about their positive Orbit experience, Darren and Lisa said: “Out of the choices we had, Orbit was the highest quality development in the local area. We were looking for a south facing garden, on a corner plot and were surprised by the openness of The Hedgerows, compared to others! The finish of the property was fantastic and the whole house felt spacious, light and airy.”

Orbit’s customer service has been amazing

Having previously lived in a three bedroom semi-detached house in Dereham with their two daughters, the family decided to upsize and began researching local developments. After looking at properties in the local area, they chose a four bedroom home at Orbit’s Mill View.

The size of our new home is ideal, and the interior is bright and spacious. As a family, we have also spent more time outdoors in our lovely big garden, which is something you don’t always see with new builds. I couldn’t be prouder of our perfect Orbit home!”

Talking about their families’ excellent Orbit experience, David added: “Orbit’s customer service has been amazing. The sales team kept us up-to-date throughout the whole process and were always happy to help with any questions or queries we had, no matter how big or small. As a family, we just want to say thank you to Orbit for helping us secure our dream home – from start to finish everyone has been so friendly, kind and caring. I would recommend Orbit wholeheartedly and I can’t wait to start making amazing memories with my family and friends.”

Working from home

When it comes to commuting to work, life doesn’t get much better for Dan. You could say that his job is literally on his doorstep, because Dan is employed as New Build Project Manager on the development where he has recently purchased his first home.

These quotations are from purchasers at other Orbit Homes developments.

Dan had previously lived in his family home in Watton, Norfolk, but after saving enough for a deposit on a house, he began looking at properties in the local area. After comparing local developments, Dan chose to purchase a three bedroom home at Newlands, because he knew first-hand that he was purchasing a property which carried high design standards in a great location, close to the A11.

Talking about his experience with Orbit as a first-time buyer, Dan said: “When I was looking at buying my first home, I kept an open mind and looked around to see what was on the market. To me, Newlands was the highest quality new build development in the local area and in my profession, I have seen lots of homes built. All the Newlands properties are modern, light and airy and the design, quality and product specifications are fantastic. So, not only was I choosing the best home available to me, I was also literally buying on my doorstep!”

Perfectly designed for downsizers

Karen and Barry had a large home which they no longer needed and wanted to downsize and pay off their mortgage. They were concerned that ‘downsizing’ would mean huge compromises when it came to lifestyle and accommodation.

What they found through Orbit surprised them. “We were even more delighted when we viewed the Orbit show home and discovered that buying a new build doesn’t mean you have to compromise on space or quality. The house we chose was comfortably within our budget, yet it still offered everything we hoped for from our new home.”

Jessie and Alex found their dream home through Shared Ownership

Jessie and Alex were living with parents and longed for a home of their own. Now, thanks to helpful advice from Orbit on a Shared Ownership property, they have a beautifully-furnished, three bedroom home in a location they could only dream of! “We looked around at a number of developments but didn’t feel at home. We went to look at Summer Gates and as soon as we walked into the show home it felt like we had come home, we were so excited!”

A wonderful journey

Sue, a single lady, wanted to move nearer to her family and friends. “I was looking for a house that I could manage myself. As a single lady I didn’t want a project this time, it needed to be well built with attention to detail, spacious, light and airy and have a good feel about it. I wanted good storage space, a manageably-sized garden and somewhere to park my car too.”

After attending an open day event where she met representatives from Orbit, Sue was really impressed with the knowledge and information on offer. She decided on a home at The Sidings and submitted the paperwork. “I was so excited, the lady I dealt with was great, she explained the whole process and to this day it works. In fact, all parties involved have been amazing, the process has been seamless, and I can’t thank everyone enough for making it happen, it really has been a wonderful journey. I was really impressed at how professionally the whole process was handled.”

Newlands, Attleborough

The Orbit difference

The history of Orbit

Orbit was established in 1967 by a small but pioneering group of business people who wanted to make sure everyone could live in a good quality, affordable home. The passion they felt was channelled into positive action, and Orbit was created.

Our purpose today is every bit as important as it was when we were founded. We provide landlord services to over 45,000 properties and build around 1,500 quality new homes each year. Our aim is to ensure the homes we provide and the communities we create are high

quality, affordable, safe and sustainable and they really become your place to thrive. In everything we do, we are committed to improving the long-term prospects of society. We do this through taking steps to protect our planet, investing in a range of projects to support communities, families and individuals, and ensuring we have in place sustainable working and excellent employment practices.

Building for good

When you buy from Orbit Homes, you're directly influencing the lives of thousands of individuals in the UK. Our impact reaches far beyond the homes we build and sell, as we aim to make a positive impact in the communities where we live and work too.

We put back into our communities and society in a big way. Not just through our work as responsible landlords in supporting our tenants, but also by building a better planet for future generations. We are big on positive, greener actions, and have a dedicated programme called Orbit Earth to push our initiative further. So, by buying from Orbit Homes, not only will you find your place to thrive, you will also help others do so too.

Orbit in the community

We have invested around £25m into local community schemes in the last six years through a range of local projects to improve the local community. This includes sensory gardens, skateboard parks, community farms and neighbourhood cinemas. We also provide help and support on wellbeing, employment and skills, digital inclusion and financial advice through our award-winning Better Days programme.

Alongside this, our employees are very active in the local community through our volunteering programme and contributed over 4,000 community hours in the last 12 months alone. Our employees have painted, decorated, planted and litter-picked their way to supporting our local communities, whilst raising over £45,000 for national and local charities, including MIND, Shelter, Macmillan Cancer Support and Prostate Cancer Awareness UK.

Orbit Earth

Orbit Earth was established to recognise the importance of protecting the environment and act in the protection of our planet. Our design standards set out the controls to ensure that the stunning new homes we build make a positive impact on the environment.

We have four main priorities:

- Climate action to become net zero carbon
- Ecological resilience to enhance the quality of green spaces
- Responsible partnerships and a sustainable supply chain
- Increasing biodiversity

Mill View, Dereham

Design standards

At Orbit, our vision is to take the lead in building thriving communities, and we recognise that to build a thriving community, great care and attention needs to be given to the way in which they are designed.

We know that communities are about people first and foremost, but the design of the places we live in can also have a huge impact on our lives. From the design of each individual home, to the spaces in between that make up the public realm, great design can have a positive impact through its ability to 'surprise and delight'.

All of our homes are built to our own high standards, and we adhere to the requirements of the New Homes Quality Code.

At Orbit, we believe that good design is at the heart of delivering thriving communities, and it is fundamental to our mission. It is also essential to our creation of your place to thrive.
