Well Presented First Floor Flat with Communal Gardens and Secure Parking.

This home has been tastefully decorated and comprises two generously sized bedrooms, both facing the rear communal gardens. The entrance corridor splits the living space and bedrooms, with a family three-piece-bathroom at the end, which is tiled throughout. The living space is bright, airy and the perfect space to entertain guests, while the fully fitted kitchen is connected directly through the lounge, giving it the open plan feel. Further benefits include wooden flooring throughout, gas central heating, double glazed windows, and intercom phone entry. There is a nice sense of community within the development with well-maintained communal gardens and gated secure parking for all flats.
