Guide Price £500,000 - £550,000

Stairs in the entrance hall rise to the first floor, and there is a door which opens into a spacious lounge which has an open fireplace, window to the front aspect and further door with leads through to the dining room. The dining room which is largely open plan to the kitchen is of equally good-size and has a handy built-in storage cupboard to one corner of the room. A good range of cream, wood effect, wall and base units are fitted in the kitchen, and there is ample room for appliances, including space for a Range style cooker with extractor above. The kitchen forms part of the rear extension, as does the second reception/study, both rooms give access separately into the rear garden. From the dining room there is access into an inner lobby/hallway, where you will find further built-in storage, a ground floor cloakroom and access into the garage. Laminate flooring runs through the whole of the ground floor.

The first-floor landing has door to all bedrooms, along with a family bathroom, which is fitted in a white, three-piece suite, and includes a shower over the bath. All four bedrooms are of good size and proportions (three double and one single), with three of the bedrooms having built-in storage.

An easy to maintain, rear garden is mainly laid to lawn with a raised, paved area to one corner of the garden which provides an ideal space for patio furniture, and there is timber panelled fencing to all boundaries. To the front, a good-sized driveway provides off street parking for up to four cars, and there is also an integral garage with additional storage space that does not encroach on the garage space.
