# DESCRIPTION & ACCOMMODATION

The subjects are arranged over ground and basement and form part of a four storey, traditional stone-built tenement with the upper floors in residential use.

From the outside the premises is instantly recognisable due to its extensive tiled exterior and awnings which, when in use, provide shelter for outdoor dining.

Internally, customers arrive at a waiting area and marble topped bar directly in front of two large pizza ovens which affront the kitchen. A small set of steps lead to the three principal dining areas configured with a mixture of tables and booths. To the rear there is a further dining space with an outdoor smoking area.

The kitchen is fitted out to the highest specification and includes every appliance one might expect of a commercial kitchen.

The extensive basement benefits from full head height and provides food preparation areas, stores, two walk-in fridges/freezers, manager's office, staff changing area and customer toilets.

According to our recent measurement survey the premises contain the following approximate gross internal areas:

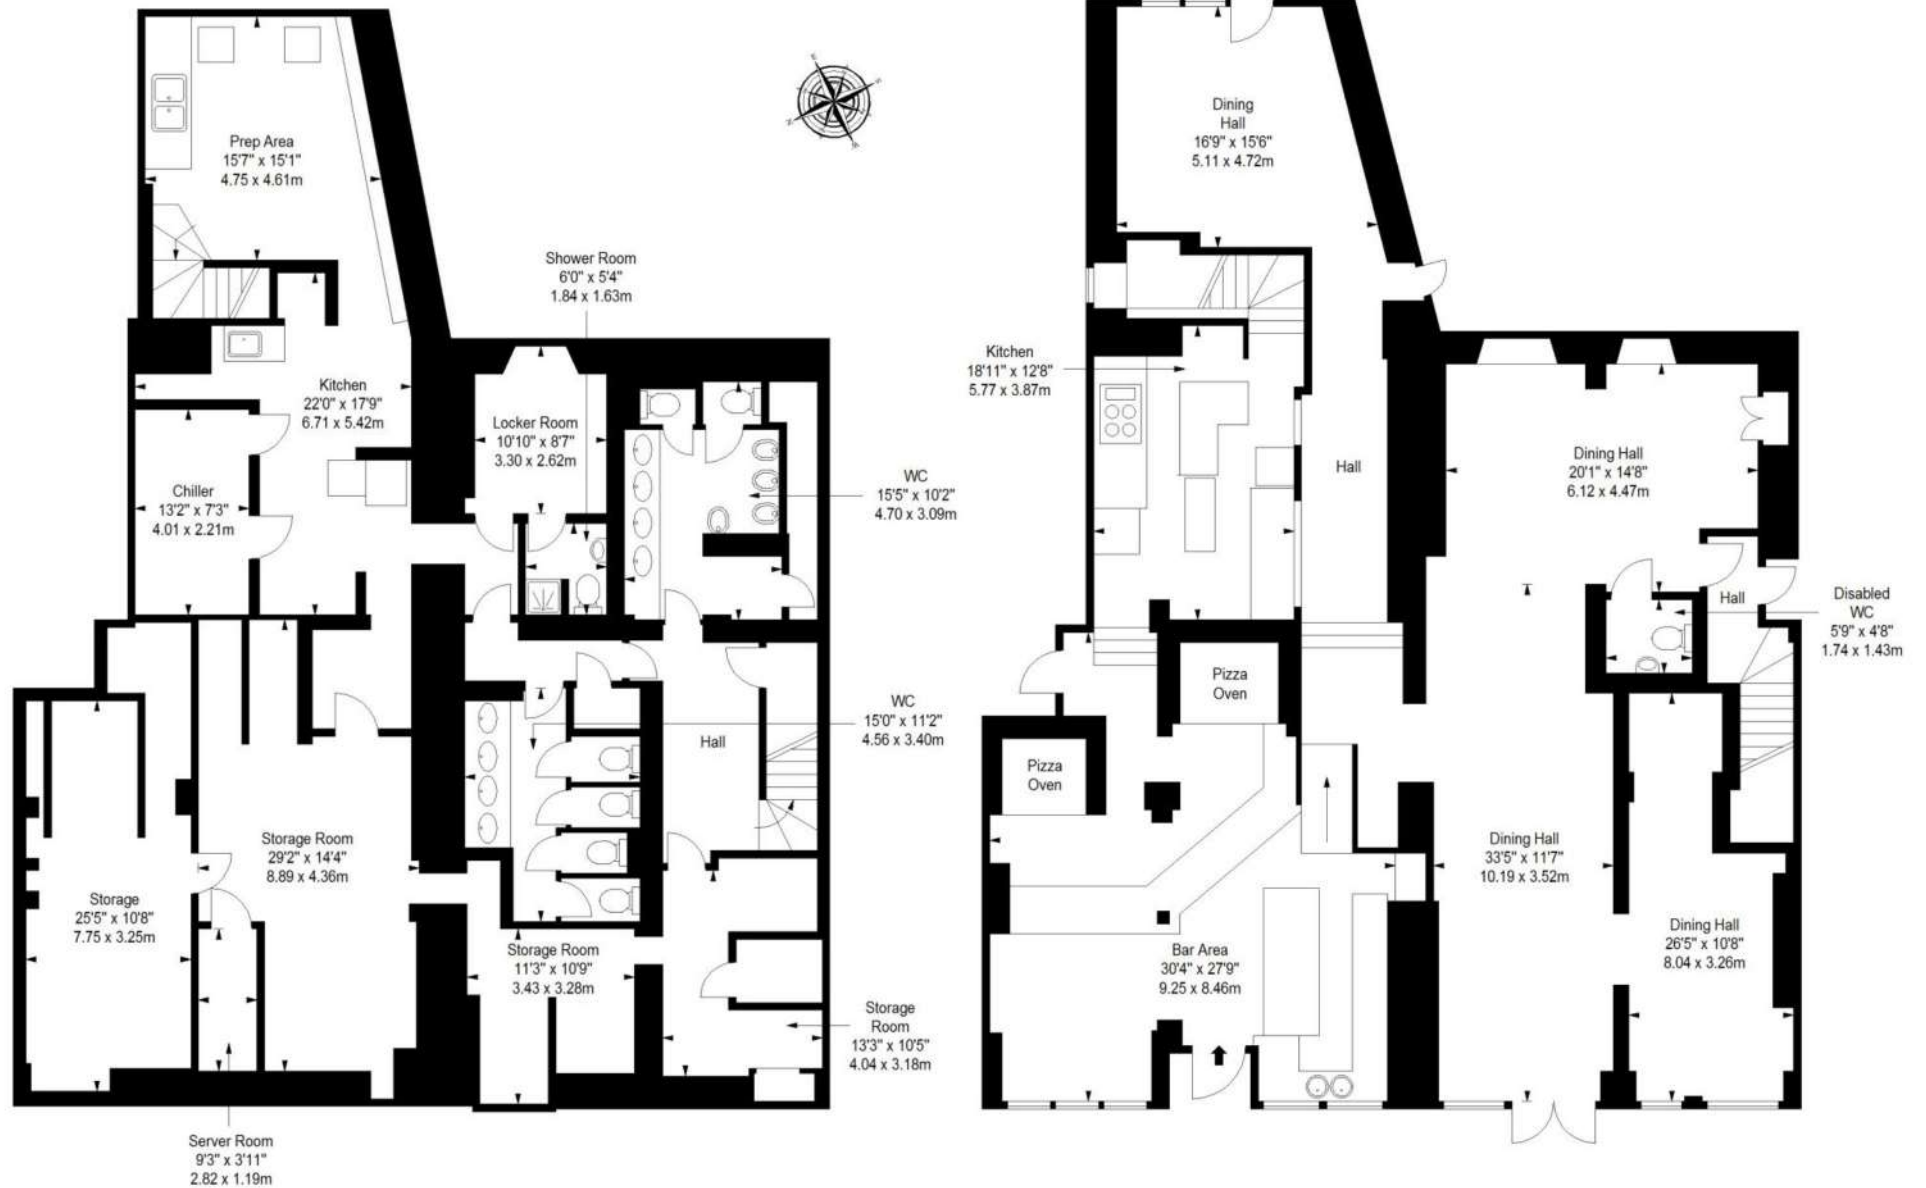

Area	SQ M	SQ FT
Ground Floor	211.63	2,278
