

The Jura

5 Bedroom Home

DESCRIPTION

The Jura house type is a stunning 5 bedroom home, ideally suited for modern family living. The impressive vaulted entrance hall leads into an open plan family room, kitchen and dining area to the rear of the property and a large formal lounge spanning the full depth of the house. This home also comes with the possibility of extending the family room to create a larger open plan space with the signature Snowdrop glazed gable and vaulted ceiling design.

The generous sized master bedroom also features a vaulted ceiling with large Velux windows and includes an en-suite and walk-in wardrobe space. The vast first floor landing leads round the vaulted entrance hall to the remaining four bedrooms and family bathroom. At the front of the property is a practical mud room with access into the garden, utility room and integral double garage.
