AQUA GARDENS

Shared Ownership
at Royal Eden Docks

Your luxury apartment is a stone's throw from the dockside, with exquisite gardens providing a welcome haven after a hard day's work.

Riverside are delighted to introduce a collection of 1, 2 and 3 bedroom apartments available for Shared Ownership at Aqua Gardens, part of the stunning Royal Eden Docks development. Aqua Gardens offers an unique opportunity to enjoy waterside living, nestled within a remarkable pocket of green surroundings, in this central urban environment, right next to the city.

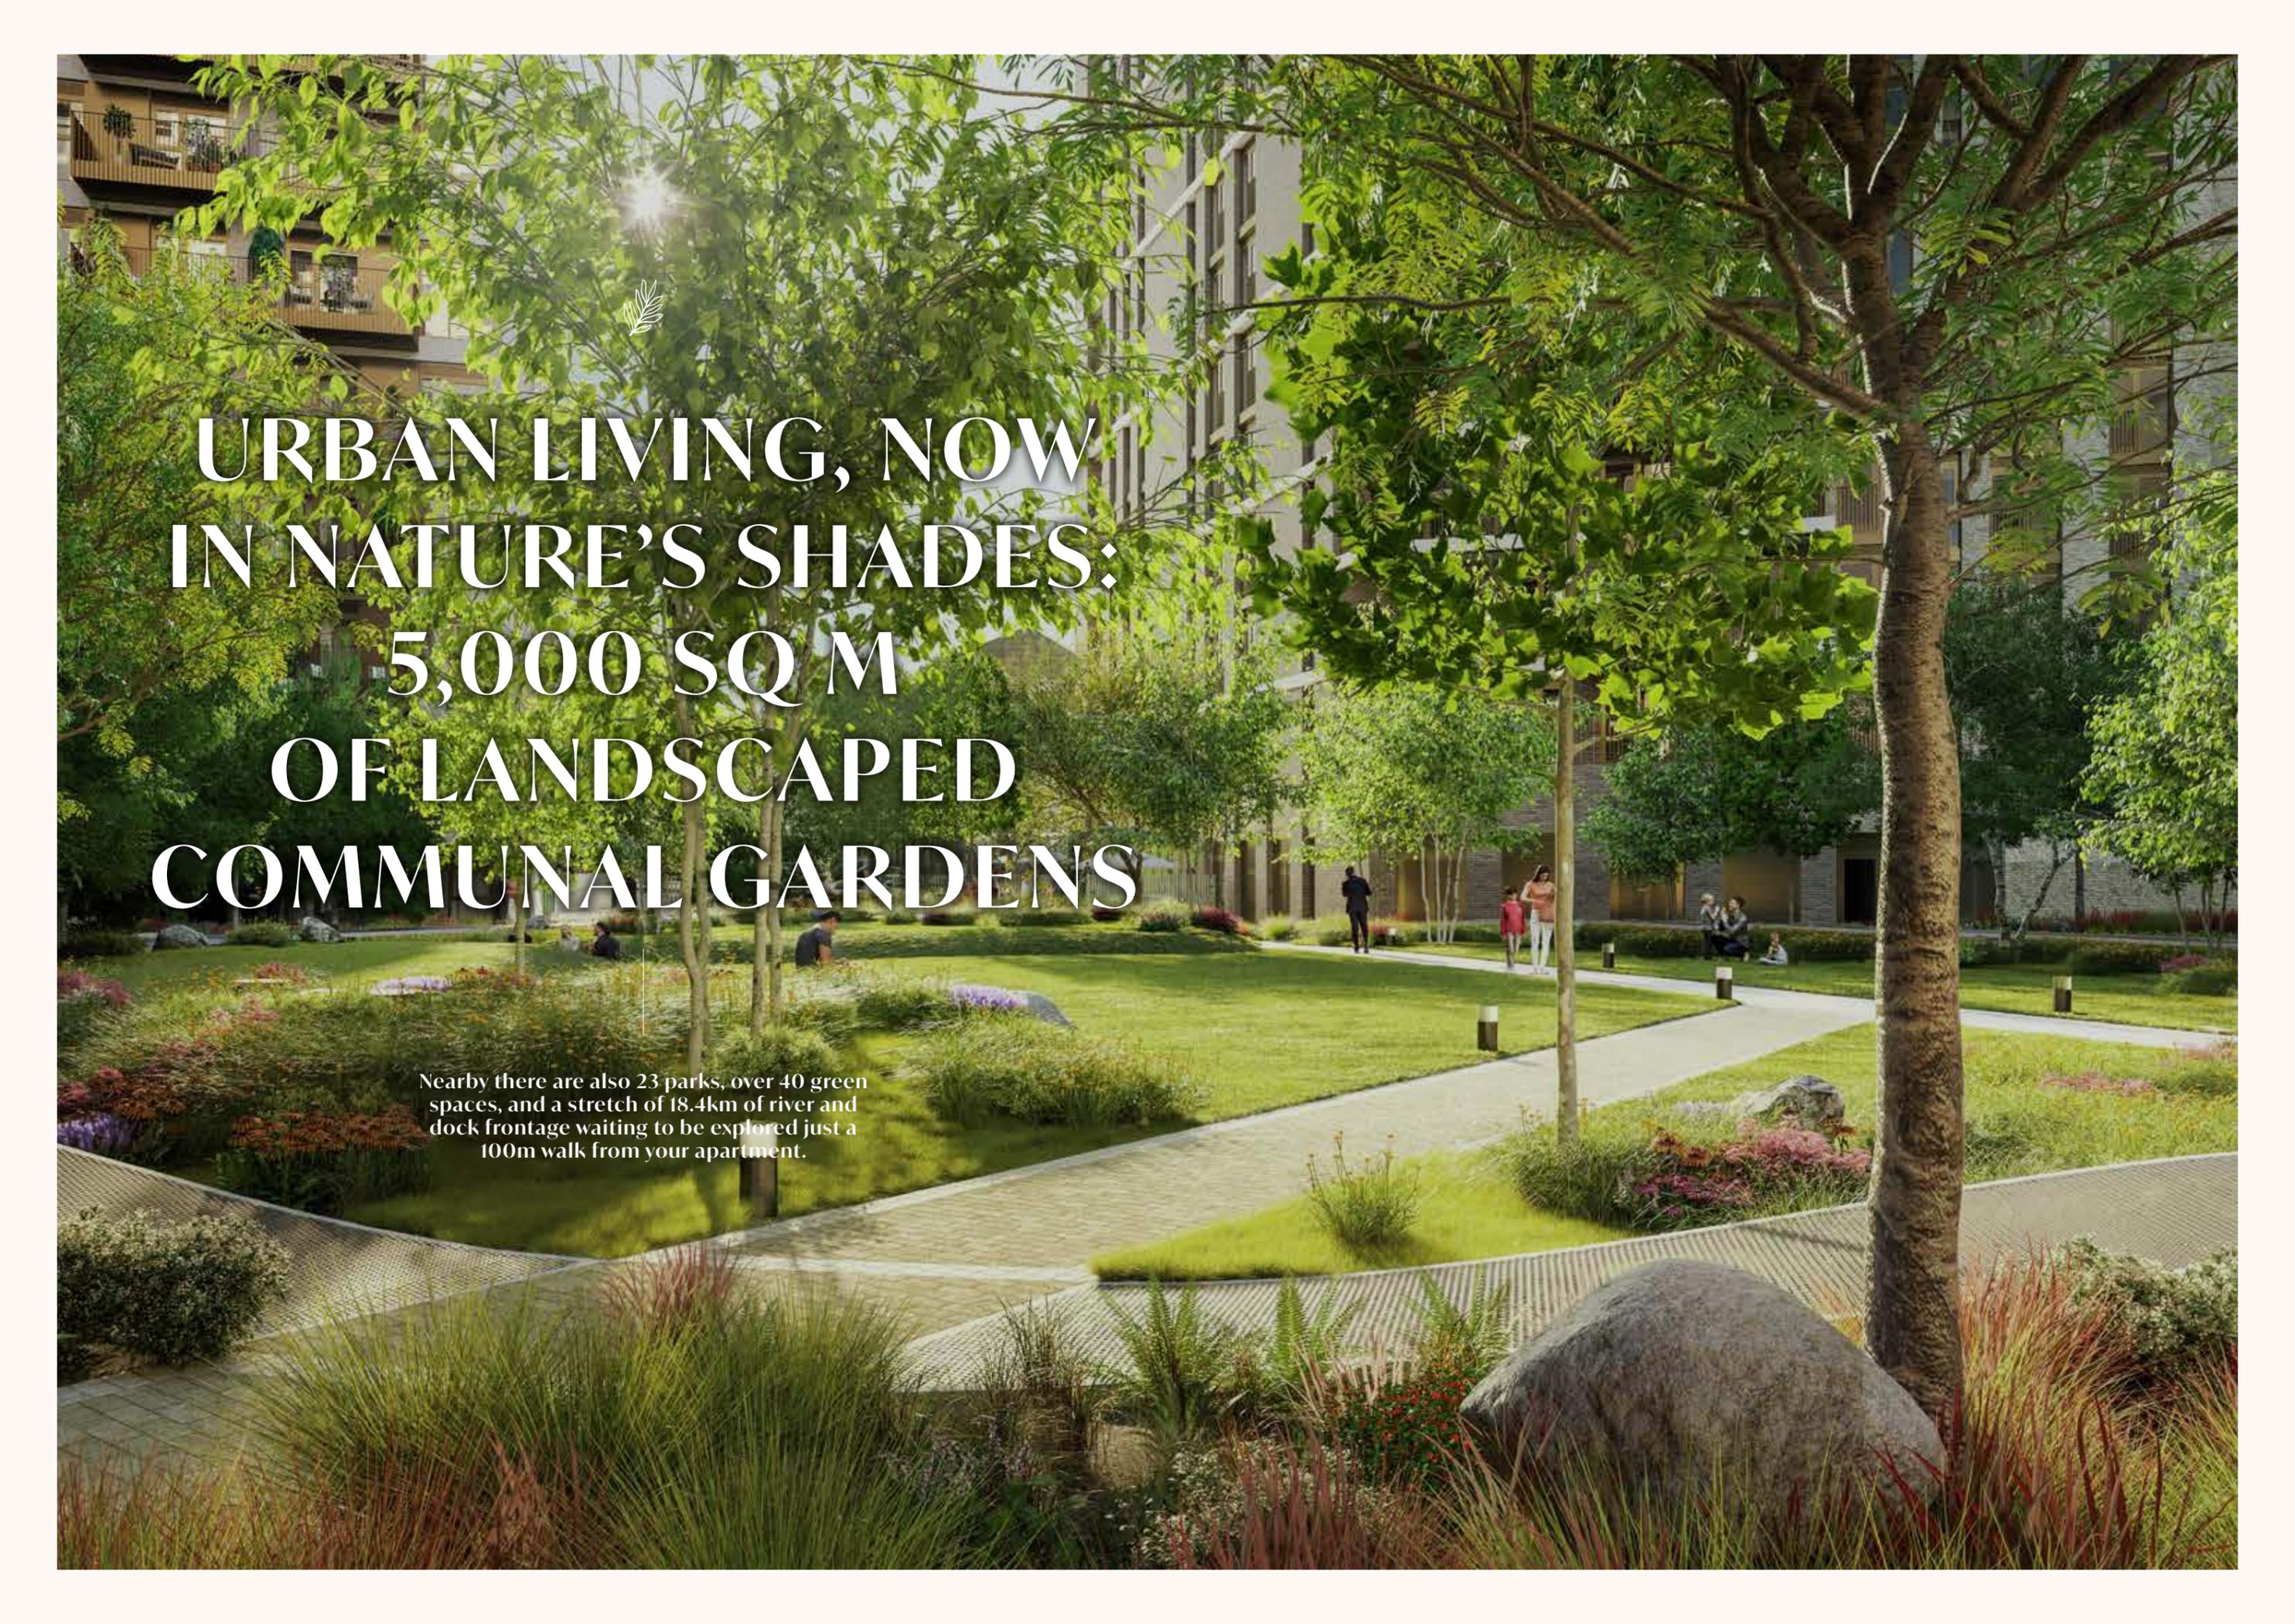

A TRANQUIL OASIS IN THE HEART OF THE CITY

Aqua Gardens is perfectly situated in East London's impressive Royal Docks regeneration area, a growing hub of culture, business and opportunity along the water's edge.

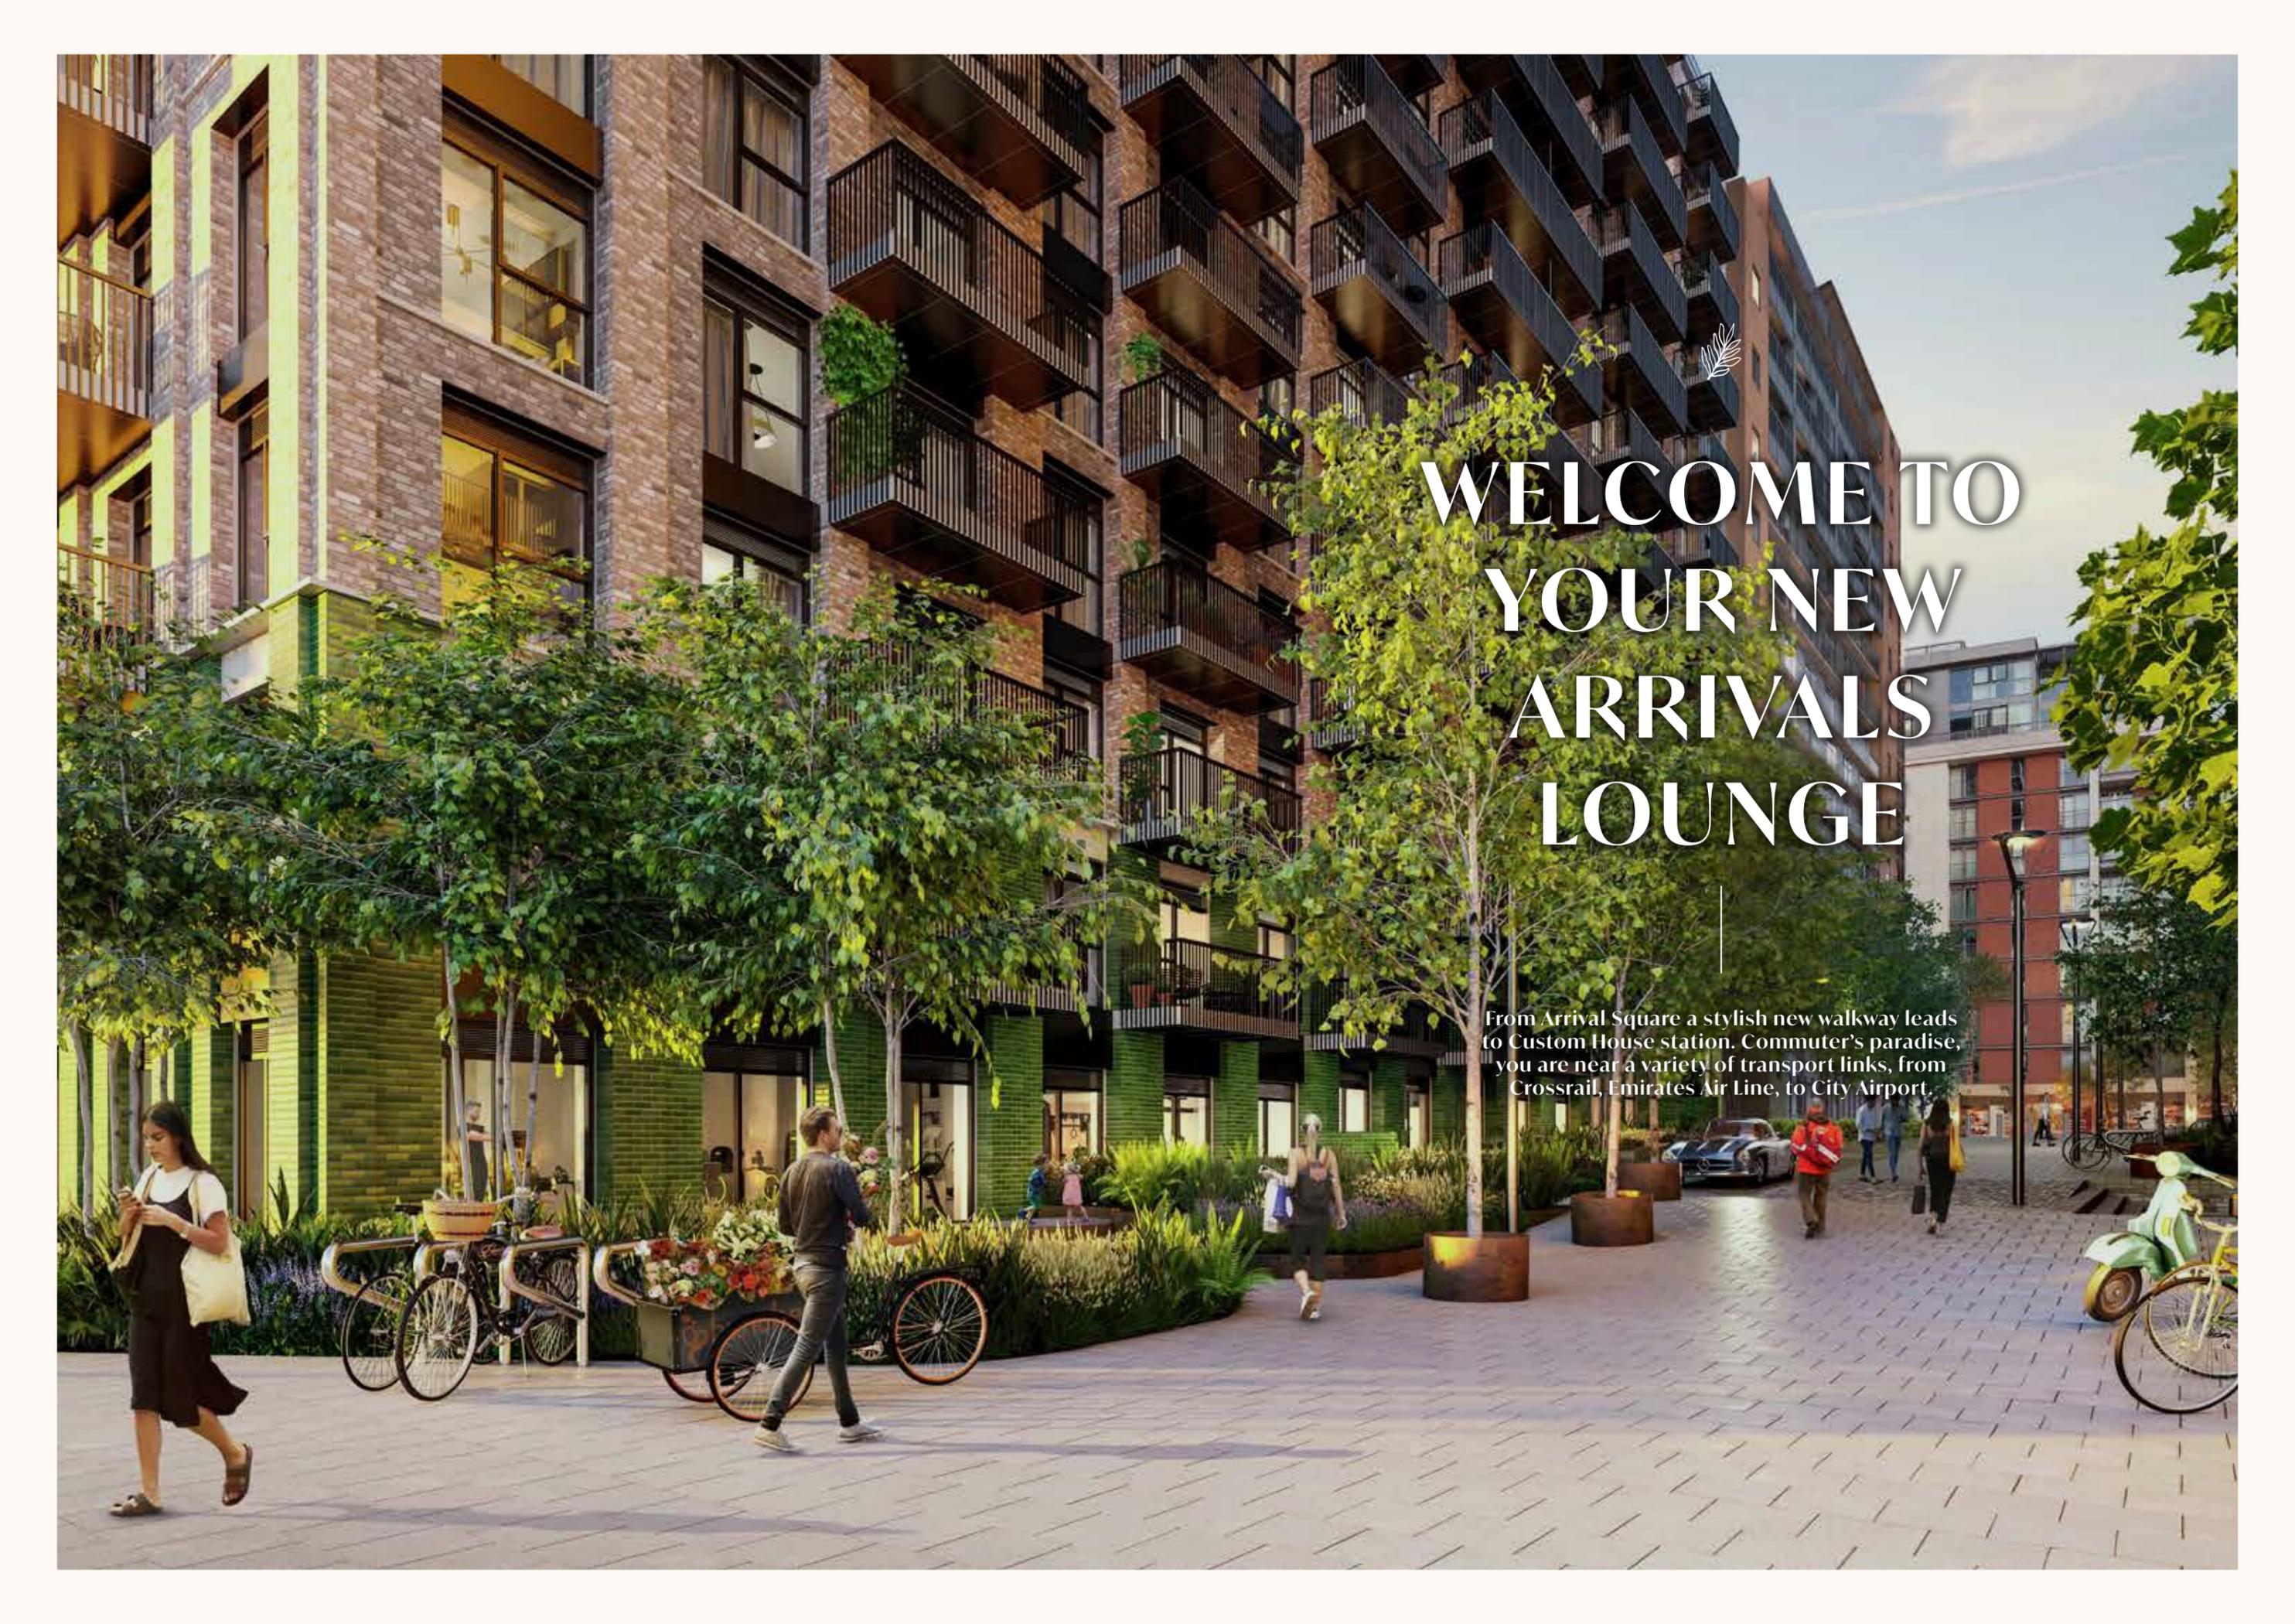

As soon as you get home, immediate peace greets you, with landscaped gardens. Residents of Royal Eden Dock can also pay a 6 monthly subscription package to use the basement pool, gym and cinema (payable directly to the managing agent - not linked to Service Charge. Ask your sales consultant for details).

There are various activities out and about to enjoy too, such as the free 5km Victoria Dock Parkrun along the dock, or try open water swimming! Ten minutes along the waterfront you will find Wakeup Docklands (for paddle boarding), Dock Beach for summer relaxation, and the Expressway, a community of almost 200 thriving businesses, well worth checking out to see what the creative enterprises and start-ups are offering, such as Sculpt and Sweat Studio, and monthly Saturday morning workshops from The Vibe & Flow team, a group of local organisations collaborating to give you practical tools to maintain a healthy body and mind.

Nearby there are also 23 parks, over 40 green spaces, and a stretch of 18.4km of river and dock frontage waiting to be explored just a 100m walk from your apartment.

An architectural rendering of a modern urban plaza. The scene features a multi-story brick building with dark metal balconies and large windows. The ground floor has green-tinted glass storefronts. The plaza is paved with light-colored bricks and is populated with people: a woman in a black dress looking at her phone, a man pushing a bicycle with a flower basket, and others walking. There are several young trees in planters and a vintage car parked in the background. The sky is a soft, hazy blue.
