About the property

What the owner loves:

When I bought this flat on Eccleston Road as my first property, it was my pride and joy. Originally living here as a young professional, it was perfect, with fantastic connections via the Elizabeth Line to work in the City and the West End for restaurants and nightlife. Later my boyfriend moved in and we made it our first home. We loved to host dinner parties with friends and the brilliant garden space with BBQ area, made summer days and evenings a real highlight. The driveway is a great bonus to the property, providing convenient off-street parking.

As we move onto the next stage of our life, it is time for another first-time buyer or young couple to make this their first home.
