Greenacres

Greenacres has been a much-loved family home for over 40 years. Situated at the head of a quiet backwater in the centre of the village, the home is immaculate and has had recent additions including refitted bathrooms and solid oak doors throughout. The property, which was constructed in the 1970s as the home of a renowned local builder, is in a Scandinavian chalet style and feels expansive the moment you enter the impressive reception hall. With beautiful gardens and patio areas to three sides, the home briefly comprises on the ground floor: reception hall with exposed brick wall, open tread staircase leading to the impressive galleried landing, cloakroom/w.c, door to the integral double garage, glazed doors lead to the sitting room with brick fire surround, timber mantle and inset LPG cast iron stove, opening to a dining area with French doors leading to the raised patio area, L-shaped breakfast kitchen with an extensive range of oak, wall and floor mounted units with a range of integrated appliances. Off the hallway are two bedrooms. The principal bedroom has built-in wardrobes and a superb en-suite shower room. There is a further double bedroom on the ground floor and this is currently being used as an office. On the first floor: A galleried landing leads to two, excellent double bedrooms with extensive eaves storage. The bedroom positioned to the front of the property has far-reaching views over open fields and to the Hambleton hills beyond. The house bathroom has recently been replaced and houses a modern white suite including an over-bath shower. There is an airing cupboard and further storage accessed off the landing.

Outside

The property is approached via a tarmac driveway leading to off-street parking for numerous vehicles. Beyond this is the integral double garage with electric up and over door, pedestrian access to the rear garden and inner hall. To the rear of the garage is plumbing for a washing machine and dryer. The garage could be converted to further living accommodation subject to necessary permissions and building regulations.

To the front of the property a wrought iron pedestrian gate, positioned in between brick pillars, leads down stone flagged steps to the garden. There is a further gate that leads along a terrace to the rear patio. The garden to the front leads to the large side garden which is terraced and has well-maintained shrub borders. There is also a greenhouse attached to a useful store. The south-facing rear garden area has raised beds and an attractive paved and gravelled terrace area.
