Bosorne Street, St Just TR19

An unusual find in St Just, so close to the town centre: a spacious two double bedroom barn conversion with outside space and parking - though the parking may be preferable as an extension to the existing outside space depending on your needs. This very well-proportioned home is a fantastic find and is brought to market in excellent order with no onward chain.

DESCRIPTION

In a quiet lane, just minutes from the town centre, is this attractive and very spacious converted barn that has been renovated and well maintained in recent years.

With a gated driveway/parking space for one vehicle, and rear courtyard garden, this property is a rare find - that said, if you do not need or want the parking space, it would make a fantastic addition to the rear courtyard garden area; creating a flexible outside space.

On the ground floor, is a large living and dining room with deep-set windows that leads on to a kitchen that the current vendor has recently upgraded. Also on the ground floor is a wet room and separate WC.

To the first floor are two large double bedrooms, that each benefit from walk-in wardrobe spaces with lighting and plenty of space for storage. The bedrooms are bright and airy, and the entire property is presented in very good order; enabling any interested buyer to move straight in!
