Every care has been taken with the preparation of this Sales Brochure but it is for general guidance only and complete accuracy cannot be guaranteed. If there is any point, which is of particular importance professional verification should be sought. This Sales Brochure does not constitute a contract or part of a contract. We are not qualified to verify tenure of property. Prospective purchasers should seek clarification from their solicitor or verify the tenure of this property for themselves by visiting www.landregisteronline.gov.uk. The mention of any appliances, fixtures or fittings does not imply they are in working order. Photographs are reproduced for general information and it cannot be inferred that any item shown is included in the sale. All dimensions are approximate.

Exuding character and style in equal measure, this duplex executive apartment simply must be viewed to appreciate not only the generous levels of space, but also the thoughtful design, both of the property, but more generally, the development itself, affording a real lifestyle opportunity and forming part of an exclusive complex, the type of which is normally reserved for the fashionable city centre of Manchester.

The property is offered with the benefit of no onward chain and has been attractively priced to reflect our motivated client's keenness to achieve a swift sale, whilst also acknowledging that a new owner may wish to invest in a light refurbishment of aspects of the accommodation to take full advantage of the exciting potential on offer, creating a bespoke home to one's individual taste and specification.

With a rich heritage of cotton weaving, the former mill town of Bolton was once at the forefront of the world's cotton production and this exciting opportunity lies within one such hub - Holden Mill, a stunning Grade II listed former cotton mill, the last of its type to be constructed in the town in 1927, and which has become a landmark building, famed for its iconic domed tower. Acquired by renowned local builders, P.J. Livesey, this centre of industry, once a building designed for function over aesthetics, has been re-modelled into a new purpose for the 21st century, skilfully and sympathetically converted to a range of executive apartments known as 'The Cottonworks', and providing a real lesson in how to blend character and contemporary flair.

Offering all the appointments one would expect of a modern home, the building has lost none of its character, with exposed brickwork and cast-iron supports providing rustic acknowledgements to the building's industrial past, and stylish communal areas which create a feeling more of a boutique hotel than a residential building. Aside from the obvious appeal, what sets these properties apart is the private outdoor spaces, an innovative and unique feature to this development, which affords residents their own private sun terrace, ensuring low maintenance living does not necessarily mean that one is without a space in which to relax and unwind with a glass of wine. This particular apartment is situated to the front of the building and boasts a delightful view of Winter Hill and the gorgeous undulating moorland to the north of the town from its top floor position, as well as affording a great deal of sunshine from its Westerly aspect.

'The Cottonworks' is located on the border of Astley Bridge and Sharpley, ensuring there are a host of local shops and amenities close at hand, with its convenient location on an arterial route into the town centre, affording superb public transport links, with the vibrant centre of Bolton accessible in minutes, where one can sample the diverse range of high street stores, bars and eateries. Furthermore, the A666 provides direct access to the motorway network, which will be ideal for those with a commute to consider, ensuring major commercial centres, in particular Manchester, are within easy reach.

The apartment itself is somewhat of a blank canvas, the bright and neutral décor accentuated by the abundance of natural light on display throughout. One enters the building via the secure telephone entry system and proceeds via the communal areas up to the lift-serviced sixth floor, where one can access the private living spaces, which extend to in excess of an impressive 1,035 square feet in total and are thoughtfully arranged over two inviting levels: entering via the reception hallway with its convenient two-piece cloakroom/WC, useful storage cupboard and spindled staircase to the upper floor, before proceeding through into the fabulous 34' open plan living area. This wonderfully sociable environment lends itself perfectly to entertaining, with guests able to spill out onto the 16' sun terrace for an after-dinner cocktail or two and soak up those fabulous views. The kitchen is fitted with a range of high-gloss wall and base units in white with contrasting black laminated work surfaces, and incorporates a host of integrated appliances, including Neff electric oven, halogen hob with extractor canopy, fridge/freezer, dishwasher and washer/dryer.

On the upper level, the landing will reveal a further storage cupboard, as well as access to the two bright bedrooms, with the 17' master benefitting from a range of built-in wardrobes and a private three piece en-suite shower room, as well as enjoying those enviable views. The accommodation is completed by the smart bathroom, which is partially tiled and fitted with a quality three-piece Villeroy and Boch suite in classic white, comprising of WC, pedestal wash hand basin and tiled bath with shower handset attachment.

Externally, the gated development affords a real feeling of exclusivity, approached via electronically operated gates, with beautifully maintained communal gardens and secure allocated indoor parking facilities. These penthouses have proven to be consistently popular and we would highly recommend an early internal inspection to avoid disappointment and to fully appreciate the sociable community, timeless luxury and lifestyle which 'The Cottonworks' can offer.
