Maps

Coal Mining

REDPATH LEACH

ESTATE AGENTS

This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Maps

Conservation Areas

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

Flood Risk

Rivers & Seas - Flood Risk

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk - an area which has a chance of flooding of greater than 1 in 1000 (0.25%) in any one year.
- Very Low Risk - an area in which the risk is below 1 in 1000 (0.25%) in any one year.

Chance of flooding to the following depths at this property:

Flood Risk

Rivers & Seas - Climate Change

This map shows the future chance of flooding from rivers and / or the sea between 2036 and 2069, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

	Very Low	Low	Medium	High

Environment

Radon Gas

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

Redpath Leach Estate Agents

About Us

Redpath Leach Estate Agents

Covering Bolton and the surrounding areas, Redpath Leach Estate Agents was established to reinvigorate the Estate Agency marketplace, offering a new and innovative approach to the process of moving home.

Being accredited by the Royal Institution of Chartered Surveyors and underpinned by their Valuer Registration programme, it is this prestigious hallmark which demonstrates our commitment to quality in every aspect of our business.

With a combined 25 years' experience within the local property market, our bespoke consultancy service is delivered personally by our directors, with our core business focus to ensure an experience which places our clients' needs at the fore, providing limitless support, guidance and advice.

We understand that moving home is a personal and emotive experience, so whilst our clients can always be assured of the highest levels of professionalism, they can similarly be reassured that an approachable, amenable and friendly individual will be available to support them through every stage of the process.

If we can be of any assistance in respect of buying or selling a home, then please do not hesitate to contact us.

Important - Please Read

These particulars do not constitute any part of an offer or contract. All statements in these details are made without liability on the part of Redpath Leach Estate Agents or the seller.

They should not be relied upon as a statement or representation of fact and, although believed to be correct, are not guaranteed and form no part of an offer or contract. Any intending buyers must satisfy themselves as to their correctness.

Please note that all appliances and heating systems are not tested by Redpath Leach Estate Agents and therefore no warranties can be given as to their good working order.

Redpath Leach Estate Agents Data Quality

We are committed to comprehensive property data being made available upfront to make the home buying and selling process quicker, easier and cheaper. This is why we have partnered with the UK's leading supplier of property- specific data.

Contains public sector information licensed under the Open Government License v3.0

The information contained within this report is for general information purposes only and to act as a guide to the best way to market your property for the asking price.

Our partner aggregates this data from a wide variety of sources and while we endeavour to keep the information up to date and correct, we make no representations or warranties of any kind, express or implied, about the completeness, accuracy, reliability, of the information or related graphics contained within this report for any purpose.

Any reliance you place on such information is therefore strictly at your own risk.
