Parkgate Road, Neston

£185,000

A fantastic opportunity to acquire a mixed use commercial and residential property with huge potential for conversion or ideal for a small business owner who requires living accommodation. The property has recently had a brand new roof.

Gayton House is a unique period property dating back to the 1800s, it is located in the heart of Neston town centre. The property was originally two separate residential dwellings and it has now been converted into one building. At present the property has mixed use classification; that being business use on the ground floor and residential on the first floor and so it presents an excellent business opportunity. We also expect that it could be converted into one spacious home or two separate dwellings or two commercial properties (subject to the relevant permissions). The property already has two staircases and you can clearly see from the road where the second entrance was located.

The current accommodation comprises; two ground floor office areas, a kitchen and cloakroom. The office areas would lend themselves for use as a living room and kitchen-dining room if repurposed for residential occupation. On the first floor there is an open plan kitchen-dining-living room, a bathroom and two bedrooms.

The property has an access door at the rear of the building and there is a right of way over the neighbouring drive that provides access onto Church Lane. The property benefits from nearby public parking areas.

Offered for sale with no onward chain, early viewing is recommended.
