Introduction

Situated in a pleasing position in the sought-after and quaint village of Staunton-on-Arrow is this immaculately presented, characterful cottage. Oozing charm and a high quality finish, this deceptively spacious cottage has accommodation comprising: entrance hall, kitchen/diner, utility, sitting room, home office, garden room, four double bedrooms, shower room and bathroom. There is a Summer House, stone out house, workshop, storage shed, parking and front and rear gardens.

Property Description

Entry begins into an entrance hallway with attractive oak stable door and room for the hanging of hats and coats, the storage of outdoor footwear, plus, additional room for decorative furniture. The flagstone flooring with underfloor heating is continued throughout the ground floor as are the beautiful oak internal doors with black, cottage style ironmongery. To the right is a sitting room simply oozing character and detail. There are two windows with front aspect and deep sills, an in-set wood-burner sat on a slate hearth, bread oven and a central beam with stone plinth detail. Tucked behind the sitting room and accessed from the central hallway is a room currently set up as a home office. It has rear garden aspect, two sets of louvered door cupboards (perfect for the storage of household paraphernalia) and a door linking to the garden room that adjoins the kitchen/diner.

The kitchen/diner is a truly impressive space. The kitchen itself has a high quality finish with a generous amount of base units under an oak worktop. Open shelving, large plate rack with hanging and an island with quartz work top give the overall look a stylish and up to date vibe with country cottage warmth. An under counter fridge and dishwasher are integrated and the electric range (in excellent condition) is available by separate negotiation. The large and strong cross frame beam detailed in the ceiling affords this room great circulatory size. There is room for a table and chairs and banquet seating creating a real social hub should friends and family visit or for busy families who want to make this lovely cottage their home. The large glazed window with front aspect opposite the banquet seating is a true delight and brings the clever cottage planting within the front garden indoors.

To further enhance the flow of this beautiful home is the addition of a garden room to the side of the kitchen/diner linking to the attractively landscaped rear garden where patio and decking can be found. Double doors spill out into the garden alongside a wall of exposed stone and high vaulted glazed roof. This room could not fail to impress.

The ground floor is completed by a utility room just off the kitchen. There is housing here for a washing machine and tumble dryer, a sink with worktop and cupboards under, open shelving, wall unit and ample sockets for keeping all additional appliances out of the stream-lined kitchen. There is also room for a tall fridge/freezer. Everything in this immaculate home has a place allowing for clutter free living. There is a door out to the side of the property ideal for muddy pets, footwear or taking linen to the washing line.

The stairs to the first floor are accessed from the kitchen/diner. The Cottage has four bedrooms, a shower room and a bathroom on this floor. The master bedroom has a vaulted ceiling to show off its impressive Oak A frame detailing, a four panel window giving dual aspect to the room and room for a double bed (currently set up with a king-sized bed) alongside an array of bedroom furniture. There is a large cupboard on the landing by the entry to this bedroom allowing for the hanging of clothes so that the room avoids having to have wardrobes. Next to the master bedroom is a luxurious shower room. There is a shower cubicle with quality chrome fittings, a hand basin with vanity cupboard, WC and column radiator. Bedroom two is another stylish and welcoming room benefitting from having deep window sills, ornamental fire grate in a fireplace opening that is blanked off and room for a double bed (currently set up with a king-sized bed) and an assortment of bedroom furniture. Bedroom three is a double and is currently being used as a dressing room. The window has a super view of mature trees and the countryside beyond. Bedroom four is also a double with front aspect and is currently set up as a study. Bedroom two, three and four have access to a stylish bathroom with slipper bath, hand basin with vanity housing, WC, tongue and groove paneling and a velvet roof light.

Garden & Parking

The Cottage has front and rear gardens.

The front garden is secured by picket fencing and has areas of lawn with mature trees and shrubbery. Pathways have been created to the front entrance of the home marked by a stable door.

The rear garden is also well secured with fencing. There are borders of cottage planting brimming with colour and variety alongside areas of patio, decking and gravel for seating, dining and ease of maintenance. There is a wonderful Summer House which has double doors angled towards glorious private views of the well tendered garden, power, wifi and lighting. What a delightful place this would be to rest on a balmy Summer evening.

There is also a shed for the storage of gardening equipment, a shed currently used as a workshop and a stone outhouse which houses the boiler and has extra storage for coats, boots and utility goods. The outhouse has power and lighting.

There is parking to the side of the property.
